- Incoming 7th grade camp 12:30-3:00 @ Junior High

CHANGE IN FORMAT FOR THIS SUMMER

This year's format will be four 2½ hour workout sessions – as such, this is not a camp. This means there will not be the usual “camp” activities such as: contests, speakers and 5-5 teams. Instead there will be much more defensive drills, rebounding drills, x's and o's etc.

This will be the tenth year of this format. Reviewing past summers, we believe we are able to teach on a more individual basis, as well as evaluate players in a more comprehensive manner. The players get a feel for the “jacket program” and how we do things at the high school level.

We are using only members of my staff to run these camps. To provide an effective coach/player ratio, we are limiting each camp to the first 45 applicants.

This camp is highly encouraged for both players in the 7-8 Jr Jackets league and the players on the 7th and 8th grade teams this past season. The expectation is that you plan on trying out for the team in the coming school year.

The incoming 8th and 9th grade groups will be preparing for a summer schedule with selected players from this weeks workouts.

Cost of the camp will be \$75.
