R.E.A.C.H. USED UNIFORMS

Rush Soccer, under the R.E.A.C.H. program (**R**ush **E**quipment **A**ssisting **C**hildren), has a used uniform collection program. The objective of the program is to collect as many used Rush uniform kits as possible, then clean and ship to orphanages and youth Rush Programs in need, both in the U.S. and abroad.

Michigan Rush sends our used uniforms and soccer equipment directly to Nigeria Rush. Paul Kato, an avid Rush supporter, lives here locally in Michigan. Paul leads Nigeria Rush and runs the Kato Training Academy. Here is a brief overview of the organization:

The Kato International Training Academy has set out to be a one-of-a-kind institution that acknowledges the part that soccer plays in the daily lives of Nigerians and the passion with which it is followed. KITA recognizes the role that education must play in the future development of not only Nigeria but Africa as a whole. With the ever changing global technological advances in education, the competitive nature of global competition, and the many untapped resources in Africa; KITA is dedicated to finding and adopting an innovative, revolutionary approach to meeting the future needs of the African community.

- Michigan Rush, Northville Soccer Association, will offer a \$20 rebate when a used Rush kit (2 jerseys, 1 short at a minimum) is donated to R.E.A.C.H.
 - We will be collecting used uniforms and soccer equipment at our Registration night.
 - New uniform kit ordering will continue to be handled by each individual as normal.
- A) Return their old uniform kit (2 jerseys, 1 short at a minimum) for a \$20 discount on their club fee.
 - B) Return their used uniform kit as a donation. The Club will still receive the \$20 rebate.
 - C) Keep their old uniform and not receive the \$20.

To receive the credit, a player must bring in the full old uniform kit (2 jerseys, 1 short at a minimum). First year players will turn in their recreational uniform (ie. 2 jerseys, 1 short for example). New players to the Rush may turn in any used uniform kit (2 jerseys, 1 short at a minimum).

- In scenario A) all donated uniform kits will be tallied, see attached SPI 525 07 – R.E.A.C.H. Uniform Talley Sheet. The club will be responsible for applying the credit due to the player.
 - In scenario B), when a player does not provide their used uniform kit, the \$20 Rebate will be directed to Rush Headquarters and will be earmarked and applied to R.E.A.C.H.
- The team manager will bring the returned uniforms along with SPI 525 07 – R.E.A.C.H. Uniform Talley Sheet to the R.E.A.C.H. Volunteer Coordinator (or RVC) at the post-tryout Registration night.
 - The SPI 525 08 – R.E.A.C.H. Uniform Tally Sheet will list the entire roster and will have two: A) Returned for Credit; or, B) Did not return.
 - Each club’s RVC will send a full account, SPI 525 09 – R.E.A.C.H. Uniform Summary, to Rush Headquarters summarizing the three scenarios previously mentioned along with the uniform kits collected.
 - Rush Headquarters will then inventory all the returned uniform kits and write each club one check towards the end of the year combining: A) the refunded \$20 per player credit; and, B) the donated uniform kit credit. This process could take three to four months.

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

1. If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.
2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.
3. Remember: Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.
