FTBL is looking for new board members to fill important roles for the 2018-19 season. We are a 100% volunteer organization that relies on a lot of people with an array of skills to best ensure we give a grand slam experience to our community. The only qualification needed is to be a team player with good sportsmanship that wants to aid in having a well-organized and well-run program.

FTBL asks that you consider giving of your time and energy to help our community organization be the best it can be. Your contributions and talents are greatly needed and the satisfaction you receive in return cannot be measured.
