

SHAW BUTTE LITTLE LEAGUE PITCH COUNT FORM

Rev 2/26/10

Instructions

Complete the game information (i.e. Date, Team, Opponent, Pitch Count Keeper) at the top of the form. As each pitcher enters the game, add their name and league age under a new column. The league age is defined as the player's age on April 30 of the current year. For each pitch thrown, place an "X" in the box under the pitcher's name. Do not count warm-up pitches. When the pitcher reaches the *LIMIT WARNING* based on their age inform the manager of the pitching team. When the pitcher reaches the *PITCH COUNT LIMIT* based on their age inform the umpire that the pitcher has reached their limit. After the game has finished, complete the summary pitch count portion of the Official Score Sheet kept by the official scorekeeper. Return the form to the manager of the team and the clip board to the snack shack.
