

DATE: January 16, 2019

Parents / Volunteers / Participants / Supporters:

We are excited to announce that Caln Little League and Coatesville Little League will combine forces for the upcoming 2019 spring season! The leagues will join to form the newly named ***Caln Little League of the Coatesville Area***, as part of the Caln Athletic Association. Caln Athletic Association has provided recreational baseball and softball programs for over 60 years and with the addition of Coatesville Little League, the area's oldest Little League chartered baseball program, continues to expand its non-profit services to more families of the Coatesville area community.

This combination of leagues will benefit the entire Coatesville/Thorndale community by providing greater opportunities to all students of Coatesville Area School District, and children of the community, to experience the fun of playing baseball and softball with their friends. This new partnership will offer league participants expanded facility options, access to a larger volunteer support organization, more programs and expanded development opportunities.

We are extremely excited for the opportunity to combine our resources, participants, parents, supporters and volunteers for the coming 2019 season. We believe that both of our leagues will be stronger as ONE!

As a reminder, our 2019 spring registration is now open and accepting registrations for baseball and softball participants ages 4-18. Register today at www.calnaa.com and join the fun and excitement!

Please contact us at info@calnaa.com if you have any questions or concerns.

Thank you!
