DIRECTOR'S MESSAGE

We have reached the next major milestone in our new GVCO Community Center project, as we now own the property at 51 North Bacton Hill Road for the purchase price of roughly \$1 million. Through the generosity of those listed in this report, the community has taken a momentous step in bringing this tremendous asset to the area. Although we are hardly done raising the necessary funding to complete the entire project, the impact of this type of facility for decades to come will be invaluable.

GVCO has completed settlement on the 7 acre parcel of ground on Bacton Hill Road after the arduous task of subdividing the property. The site is fully engineered and the East Whiteland Township has “signed off” on our Subdivision & Land Development Plan. The schematic and design plans have been completed as we await final approval from the DEP so we may apply for the construction permit to allow us to begin the site work and eventual erection of the building.

As we continue to work with several local banks on financing the project, we will be making a renewed fundraising effort. Having raised just under \$2 million the past couple of years, our immediate goal is to raise another \$1 million. This will allow the facility to operate, satisfying the needs of GVCO’s current programming, and begin to offer the necessary additional programming needed to generate the revenue for sustainable operation well into the future.

GVCO will need the entire community’s continued financial support, with much greater breadth across the community, to create a complete and all-encompassing facility that will meet the needs of everyone in the district. There is the obvious cost of the facility itself. The bill will be in the millions. To maintain and manage this much larger facility will come at a much higher cost. The debt service alone will be in the hundreds of thousands. However we have a solid strategic business plan in place and we are confident in its intent and purpose.

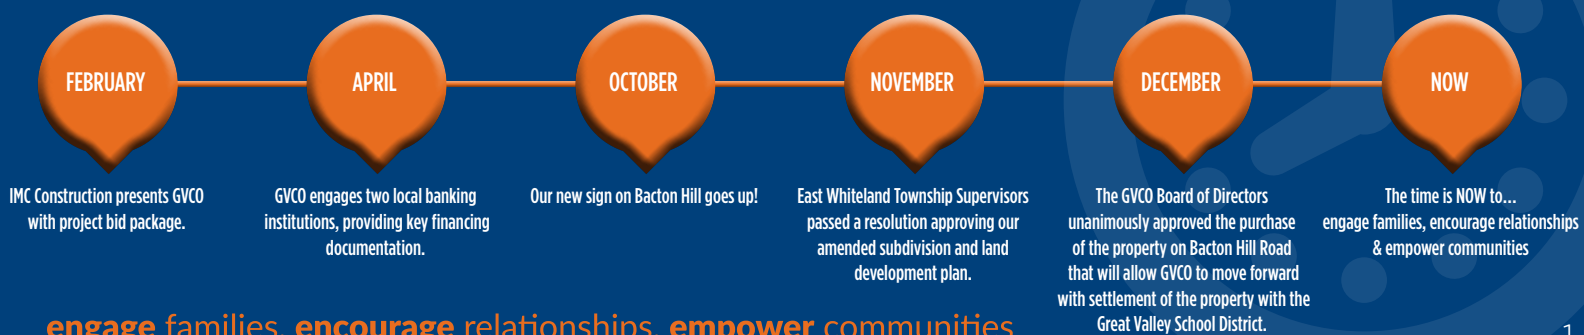

The capital campaign committee has come up with the new “tag line” for the campaign of Encourage. Empower. Engage. Over the course of the weeks and months ahead you will be seeing several initiatives communicated to our Great Valley community. The goal will be to create awareness about the new facility and raise money. GVCO needs your help with both spreading the word and identifying additional donors like yourselves who want to see this project happen now. The old cliché of “it takes a village” couldn’t apply more in this case. Since we are all playing for the same team, let’s all help each other get this facility completed.

Thank you all for the dedication and support.

Keith Walsh

GVCO Executive Director

2018 TIMELINE Campaign Milestones

engage families, encourage relationships, empower communities

QUARTERLY UPDATE

4TH QUARTER REPORT

OCTOBER-DECEMBER 2018

FUNDING

Diligently working to bring a brand new community center to the Great Valley Community

1.9 MILLION

GVCO has raised just under \$2 million in cash and pledges. Our immediate goal is to raise an additional \$1 million! With a solid strategic business plan in place we are confident that we can reach this goal.

BUILDING

2019 will be a monumental year for the Great Valley Community. GVCO has finally navigated the maze of governmental and regulatory approval processes throughout the course of 2018. After an extraordinary amount of effort, GVCO will take ownership of the property on Bacton Hill Road in January 2019, and shortly thereafter begin the process of building a brand new 41,000 square foot GVCO community center.

NEWS

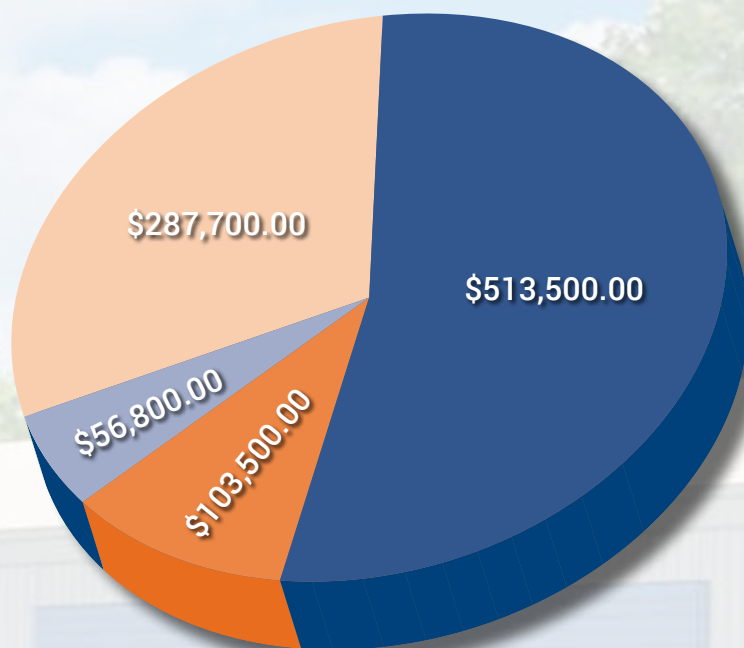

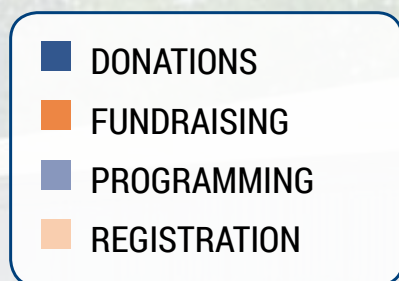

Engage Families. Encourage Relationships. Empower Community. In early 2019, several new initiatives will be communicated to our Great Valley community. The goal will be to create awareness about the new facility and raise money. With the hiring of long-time volunteer, Kelly McDaniel, as our Communications Director, she will become the conduit of information for the organization, helping to get the latest campaign information out to the community quickly.

FINANCIAL OVERVIEW

Operating Revenue & Expenses for Year Ending September 30, 2018

REVENUE

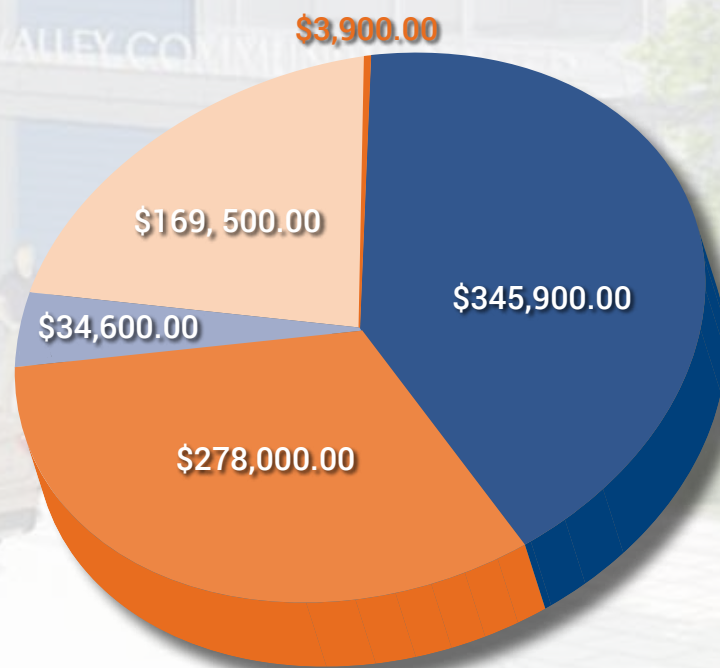

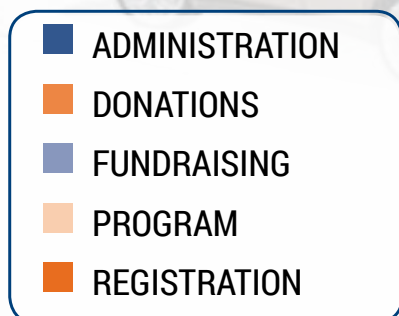

Donations	\$513,500.00
Fundraising	\$103,500.00
Programming	\$ 56,800.00
Registration	<u>\$287,700.00</u>
	\$961,500.00

EXPENDITURES

Administrative	\$345,900.00
Donations	\$278,000.00
Fundraising	\$ 34,600.00
Program	\$169,500.00
Registration	<u>\$ 3,900.00</u>
	\$831,900.00

Net \$129,600.00

SOCIAL MEDIA PLATFORMS

Social Platforms help to support the Great Valley Community Organization. GVCO has used FaceBook to help promote their #GivingTuesday Campaigns and 2018 also brought an added dimension to this new way of giving. Friends of GVCO set up Birthday Fundraisers on FaceBook to share their special day with an organization that is truly special. Setting up a FaceBook Fundraiser is simple to do and GVCO receives 100% of the donations made through the FaceBook platform. Thank you to all those donors that used social media to do great things!

CAMPAIGN MESSAGE

Dear GVCO Friends,

When I signed on to help with The GVCO campaign to build a community center in Great Valley I was thrilled with the prospect of assisting in bringing such an asset to where I live. Perhaps I was somewhat naive and unaware of the many obstacles that would be encountered in the process. It is often hard to stay the course and be invigorated when time keeps moving without the progress that was hoped for. However, a core group of individuals did not lose sight of the tremendous resource that the GVCO Community Center will be and persevered. Because of their belief in what GVCO contributes to our community we are on the right track and moving forward with a renewed energy.

As you read this GVCO has settled on its new home and begun the building process. It is now time to spread the word with everyone in the Great Valley area that is unaware of GVCO and how our programming and community partnerships will be a benefit to all. We need your continued support and belief in GVCO. Please share our message with your family, neighbors and workmates.

I wish you all a healthy, happy and prosperous New Year!

GVCO Community Center 2019

COMMUNITY SPOTLIGHT

VOLUNTEER Vince McAneney

Volunteers are the cornerstone of the Great Valley Community Organization and Vince McAneney is no exception. Vince and his wife, Debbie first got involved when their children participated in GVBL and the Challenger Gym Program. Scott continued to play GVBL straight through to the High School League while Erica & Shannon volunteered to become Buddies for the Challenger Gym Program and Ryan donated his shredding services at R-Mobile Shredding to numerous GVCO fundraisers. When GVCO started GVFL,

Vince jumped right in to coach his son Scott and his buddies. A year later he became President of the league and held that position for 7+ years, stepping down at the end of the 2018 season. His fondest memory was when he coached with his son Scott - such a great experience for father and son. Vince hopes that others in the community would take advantage of all the great things GVCO is doing and use those opportunities as a way to further connect with their own kids as well as the entire Great Valley Community. Vince believes that time invested in our youth is never wasted and encourages anyone thinking of making a bigger commitment to GVCO, whether through volunteering or donating, to "Just Do It".

DONORS Kathy & Mark Banavitch

Donors are an essential part of GVCO's mission to build a strong, vibrant and connected community and Kathy & Mark Banavitch are a fine example. The Great Valley Community Organization has been a part of Kathy & Mark's life for the last 15 years. All 3 of their children, Allison, Owen & Ryan participated in GVBL. Allison's first job was at the snack shack and the boys played GVFL as well. GVCO is where the whole family developed and fostered friendships that they know will last a lifetime. The organization has provided such a positive and safe outlet for their children that they knew they needed to Pay It Forward. Kathy & Mark know of the positive impact GVCO had on their family and they want future families to experience the same that is why it was so important for them to donate to the Capital Campaign. The possibilities are endless with the building of the new center and both young and old will benefit which will foster an even stronger sense of community.

Thank You!

COMMUNITY SPOTLIGHT

PROGRAM PARTICIPANT Divya Samant

GVCO promotes and provides access to a multitude of programs ranging from athletic programs to a student-run philanthropy group as well as an internship program for High School and College Students. Divya Samant has been a GVCO Intern for the past two years. Divya got involved with the High School Internship Program because she wanted to learn about working in the nonprofit world while trying to make a positive change in the Great Valley Community. Divya had the opportunity to develop and direct the Art & Design Program bringing together Middle School students for a comprehensive, after-school program created to develop and nurture those individuals that have an interest in the Arts. Divya will graduate this year and plans to pursue a Degree in Design. She would encourage anyone that is thinking about participating in the Internship Program to do it - because you not only gain valuable experience but you also get to make a positive impact in your own community.

BUSINESS Charlestown Paving & Excavating

When local businesses support local nonprofits it truly creates a partnership and a true sense of community. Charlestown Paving & Excavating, Inc. was established in 1987 by Drew Alleva and his partner Jon Bureski. The company has performed commercial and residential paving and excavating services for a wide range of industries including local and state governments, private corporations and churches in the Delaware Valley area for more than 30 years. Both Charlestown Paving & Excavating and the Alleva Family are supporters of GVCO.

The Alleva's first experience with GVCO was when their son Matthew was in 3rd grade and decided to play basketball. The whole family fell in love with the sport and the atmosphere at GVBL. They bonded with other parents, enjoyed the games and the younger children playing together on the sidelines. Once daughter Marley started playing they found themselves at GVBL 3-4 days a week. Both children became buddies with the Challenger Gym Program and Marley is now Vice President of Caring Hands while Matthew plays in the High School League.

The Alleva's believe that donating or volunteering with GVCO is an investment in community. "It is truly a community building organization and they are working to instill those ideas at the most fundamental level, starting with the children. They are teaching them the values of strength in organization, community, volunteering and friendships."

Thank You!

CELEBRATING THE CLASS OF 2018

Andrew Kelly

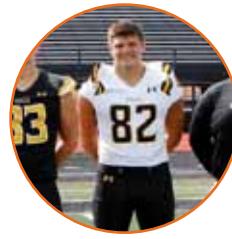

Matt Porreca

Liam Ward

Damien Carter

Nate Graeff

Xander Utecht

Jake Vidinghoff

Congratulations to the GVCO Class of 2018! Some of these athletes were inaugural participants at the Bacton Hill Facilities where the dreams of turning an empty warehouse and underutilized field into the current day GVBL and GVFL Programs helped these kids become the student athletes they are today. The Great Valley Community Organization is proud of your accomplishments!

GIVE A LITTLE, GET A LOT!

We can build a safe, convenient, attractive facility...

- outside amphitheater and convenient to the Chester Valley Trail
- central location and easy access with generous parking
- café, lounge, multipurpose and meeting room areas
- outdoor practice fields to accommodate a variety of sports and activities

Foster a friendly vibrant community...

- a welcoming place for people of all ages to interact families who share your interests
- a supportive network of friends and neighbors
- internship opportunities to engage young adults at the high school and college level
- impactful education and awareness programs

And offer a variety of healthy, fulfilling activities for all ages.

- quality and inclusive youth sports
- fitness, wellness and healthy lifestyle programs
- community service volunteer opportunities
- performing arts classes and activities
- tutoring and mentoring programs
- lifelong learning activities for seniors

engage families
encourage relationships
empower communities
