

## **U8 Recreational Soccer**

At this age OYAA wishes to encourage, reinforce and promote player's success in using their technical/foot skills in practice and games. Coaches help refine the kids' ability to dribble, pass and shoot the ball using all surfaces of the foot through repetitions.

The concepts of referees, team formation/position play, throw-ins, goal kicks, indirect/direct kicks and offside are introduced. Talk with players about roles... "When your teammates have the ball..." and "when the other team has the ball."

**Throw-ins:** The referee will allow a player one "do-over" after an incorrect throw-in.

**Offside:** obvious off-sides (cherry picking) violations are enforced.

**Playing within the rules** is a focus, and the balance between individual and team play is to be encouraged.

Players should have the opportunity to play all positions. No one player should play goalkeeper for more than half a game. Score will be kept. Won/loss record may be kept for pairing teams in the spring, but will not be published. THE EMPHASIS IS STILL ON FUN!!!

### **Coaching Goals**

Coaches....talk to the players in a positive, caring and supporting manner. Make soccer Fun! Yelling at a player/team/referee/opposing team is not tolerated. Teach them to play as a team...their relationship to other players on the field. By the end of the season players should know:
