***Follow-Up Evaluation (Required for Athletes with Concussions)**

All student athletes with concussions must be medically cleared before beginning supervised Gradual Return to Sports /Physical Education Participation (RTP) program. According to COMAR 13A.06.08.01, the following licensed health care providers are permitted to authorize a student athlete to return to play:

- (1) A licensed physician trained in the evaluation and management of concussions;
- (2) A licensed physician's-assistant trained in the evaluation and management of concussions in collaboration with the physician assistant's supervising physician or alternate supervising physician within the scope of the physician assistant's Delegation Agreement approved by the Board of Physicians;
- (3) A licensed nurse practitioner trained in the evaluation and management of concussions;
- (4) A licensed psychologist with training in neuropsychology and in the evaluation and management of concussions; or
- (5) A licensed athletic trainer trained in the evaluation and management of concussions, in collaboration with the athletic trainer's supervising physician or alternate supervising physician and within the scope of the Evaluation and Treatment protocol approved by the Board of Physicians.

I certify that I am aware of the current medical guidance on concussion evaluation and management; the above-named student-athlete has met all of the criteria for medical clearance for his/her recent concussion, and as of the date below is ready to return to a supervised Gradual Return to Sports/Physical Education Participation (RTP) program (lasting a minimum of 5 days.) Note: Students whose symptoms return during the RTP progression will be directed to stop the activity, rest until symptom free. The student will resume activity at the previous stage of the protocol that was completed without recurrence of symptoms. Students with persistent symptom return will be referred to their health care provider for evaluation.
