

As we continue to monitor the situation and keep the health and safety of our players and staff a priority, Portsmouth Soccer Club is postponing all soccer activities thru March 30th. This includes practices, training sessions, scrimmages, friendlies and matches for all divisions and teams. By order of the City of Portsmouth all of our facilities will remain closed through this time and no programming is to take place, this includes both Hodges Manor and John Tyler complexes and our club office. It is our hope to reopen as soon as permitted and get the Spring Season underway.

Please be patient and understand that this situation is out of our control and we are doing all that we can to get through this. Please follow directions of local health and law enforcement agencies to help contain the spread of this virus. If there is anything that the club can do to assist you or your family please contact me at psccommissioner@yahoo.com. We look forward to seeing you out on the pitch soon hopefully.

If you need to contact any staff member you can reach them by email.
