The Fall Baseball program will focus on sharpening general baseball skills and fundamentals, while still allowing for competitive play. The league is great because it provides an opportunity for players to transition into their new age group prior to the upcoming 2021 Spring League. It's also great for newcomers because of the leagues focus on fundamentals. Each league will play approximately 10-12 games and a season ending tournament.

FAQ:

What equipment/uniform pieces are provided and what equipment is needed?

- **Equipment:** Each team will be given an assortment of equipment including bats, balls, helmets and catcher equipment suitable for the age group your child is in. Gloves should be purchased by the parent as they are not provided.
- **Uniform Pieces:** Each child will be provided with their team shirt, hats and socks. Sizing is generally done in the beginning of the season when teams first meet. Other uniform equipment such as cleats, batting gloves, undershirt chest protectors and pants are purchased separately by parents. (color of pants will be communicated with parents when team assignments are made.)

How many days a week does the league practice?

- Optional Practice is generally done 1 time a week M-F at one of the local fields. Weather conditions and or scheduling issues may affect this throughout the season. It is recommended your child attend as many as possible to get the full experience of the season. This is the time kids will learn the appropriate skills used in their league. Game day while it is instructional is the day children implement the skill they learned in practice.
