Season Highlights

The season will run for nine weeks from early August until the first week of October. It will consist of a midweek practice and Saturday game. Participants will receive team information at least two weeks prior to their first practice. Practices will be held on weeknights, while the majority of games will be held on Saturday. Every attempt will be made to reschedule any cancelled games due to weather or field conditions for the following Sunday afternoon (8 days post with the exception of holidays).

Coach Information

All our teams are coached by former Division I, II and III field hockey athletes and parent volunteers. Please keep this in mind throughout the season. Persons interested in coaching or volunteering in any capacity (we LOVE volunteers!) can mark their intent on their child's online registration form or email fishersfh@gmail.com directly. You do not have to have experience to volunteer. All volunteers are required to submit a background check and complete online concussion training. Coaches are required to attend a preseason coach's meeting. Please also list on the registration form if you are interested in being a league sponsor or volunteering on the field hockey board. We would love to have you.

Mudsock Field Hockey divides players into beginner and advanced divisions based on their ability and experience. Please register for the player's current grade during the 2021-2022 school year.

Payments/Refunds

A player is not considered registered with Mudsock Field Hockey until payment is received or other arrangements have been made through the Mudsock Youth Athletics office. Scholarships are available during open registration (May 1st – May 31st) for those children who qualify for free or reduced lunch within the HSE School District.
