

January 8, 2018

For Immediate Release:

Michigan Rush Soccer Joining Super Y League for Summer 2018

Super Y League, founded in 1999, is dedicated to the progression of players. Regional leagues compete over summer and play a National Championship Series over the winter break. Michigan Rush will compete in the regional games with out-of-state teams, as well as, other Michigan clubs including: Midwest United, Nationals, Kingdom, Liverpool, MI Chill and others, providing quality competition for Michigan Rush players.

Michigan Rush is excited to offer the opportunity to participate in Super Y by leveraging the unique structure of the Michigan Rush Select Program. This opportunity will allow the collective Michigan Rush geographies to bring top players from each local club together and provide an excellent development opportunity for the players who need and want more.

Teams – Super Y teams are available to both boys and girls in the following age groups: U10, U12, U14, U16, U18. Players that fall between defined group years may have the opportunity to play in the age group above. If there is enough support for a complete team at an age not listed, one will be created (example: U11 or U13).

Selection – Player pool will be filled by invitation, based on the recommendation of local team coaches and age group Directors of Coaching. The team player pool maximum is 26 players. Our goal is 20 players for each pool.

Commitment – Player pools will train 5-6 times and play 7 games over the course of the summer months (Late June through the end of July).

Location – Northville Community Park is the headquarters of the Super Y teams for trainings and games.

Travel – Interested families should anticipate out-of-state travel commitment for games. It is anticipated that 4 of the 7 games will be against a Michigan based team.

Cost - \$450 per player, plus Super Y specific jersey (est. \$50).

If you have any questions regarding the Super Y League, if it is right for your player, or how your player can be involved, please talk with your local club coach and or age group DOC.
