

Coach Instructor Course Section 1 Policy

Once you have taken the one day classroom portion of the course, to complete the process you must instruct at a 12U Coach Course and be evaluated by an Advanced Coach Instructor. You must receive a “PASSED” evaluation for instructing in the classroom and field modules of a 12U Coach Course and have completed all prerequisites. The evaluation form then is submitted to the Section 1 Coach Administrator who then has the candidate’s certification updated from the roster from “In Progress” to PASSED.

Completing the Requirement

Please contact your Regional or Area Coach Administrator to help set up your Classroom & Field module evaluation at a 12U Coach Course.

Classroom Modules:

Coach Instructor candidates must participate in administrating the 12U course quiz and should help explain clarify or justify a portion of the questions or answers. The candidate must also instruct either the “Coaching Methodology” or “Quality Training” from the 12U course PowerPoint presentation.

Field Session Modules

Coach Instructor candidates must conduct one of the Instructor Model Activities with a focus on technical development. Candidates must also conduct either the Stage 2 or Stage 3 portion of the course training session.

Prerequisites

1. Attended and received credit for AYSO Introduction To Instruction.
2. Are currently registered as an AYSO volunteer.
3. Attended and received credit for a 12U Coach Course.
4. Attended and received credit for a 6U, 8U and 10U coach course.
5. Have received Safe Haven certification.
6. CDC Concussion Awareness certification.
