

19:15:08 From Rick Roberts : If e3 is going away, how do administrators access Section wide, Area wide or Region wide certifications?

19:15:42 From Rick Roberts : One record at a time won't cut it.

19:16:04 From Jaime Bencia : There are various reports available, Rick. Joey should be going through them in this presentation.

19:16:34 From Rick Roberts : Looking forward to it. I haven't found them.

19:20:29 From Jaime Bencia : FYI. In the e4, one spot that Joey pointed out was to go to REPORTS > COUNTS REPORT. Then select an Section/Area/Region. From there, you'll see various reports available which can be seen in different formats. Joey will be showing this in more detail in a bit.

19:24:39 From Rick Roberts : Didn't see Concussion certs. Are they included?

19:25:04 From Jaime Bencia : Let me take a look. One sec.

19:25:32 From Jaime Bencia : Yes. Confirmed

19:25:57 From Rick Roberts : Thanks

19:29:38 From Rick Roberts : In the Counts Reports, Section isn't listed as a league so no section reports are available.

19:31:20 From Jaime Bencia : Noted. Jane - You'll probably wanna take a look and make sure Rick has access to Section reports?
