

# **Goal and Field Set-Up Guidelines PCSSL Westmount and Prospect 3.17.10**

## **PART 1: Set Up Goals (for all teams scheduled for the first game)**

**Please arrive 30 minutes before game's start time to allow enough time to set up the goals properly.**

### **Install Goals**

- **Unlock** the goals from the fence using combo. **Be sure to relock the chain to the fence to prevent them from getting lost or stolen!**
- Pull goals away from fence and tilt them forward. 3-4 volunteers are needed.

### **Deploy Nets, Stake goals, corner flags, Ref Field Bag & Garbage Cans:**

- **Unlock** storage shed using same combo
- **Westmount porta potty should be open**
- Corner flags are inside the Goal shed - deploy to each field and install one flag per corner. Simply push into the ground with your foot until the post stands erect and is stable.
- Hammer 5 stakes on to each goal (2 on the left and 2 on the right and 1-2 to anchor down the back bar; there are 10 stakes & a hammer located inside Ref Field Bag.
- Put 1 Ref Field Bag behind goal that is closest to the shed side of the field – ice packs are in the side pockets.

**Be sure that the locks are relocked during the games to prevent the locks from being lost or stolen.**

## **PART 2: Take Down Goals (for all teams scheduled for the last game)**

**Please stay ~20 minutes after the game is over to allow enough time to take down the nets and goals, store them and Ref Field Bags and make sure everything is properly cleaned/locked up before leaving the field!**

- Remove all 10 goal stakes and put them back in the respective Ref Field Bag.
- Store goals along fence, lock them down. Please make sure all the goals are **LOCKED. The nets stay on the goals.**
- Store the corner flags & Ref Field Bags in Goal shed.
- **Lock down the sheds!** Make sure all lids and doors are closed snugly. Put the lock through the bottom hole to minimize the ability to lift the shed's lid up/open which will help to avoid vandalism and theft to our sheds.
