Concussion Awareness

Any player suspected by the coach, referee or parent to have a concussion must be removed from further participation for at least the remainder of the day **and**

Parents should be encouraged to seek professional medical treatment for the player at the time of injury and secure medical clearance before allowing the player to return to play.

In all cases, AYSO will require the parent to sign a new Participation Release Form which includes a concussion waiver confirming that the player has been given the appropriate clearance to return to play. See the Safety Director for the form.
