Player Name _____

Current AYSO Division _____ Current Season _____

Requesting move to _____ division
for the upcoming season.

Parent Name _____

phone _____ email _____

Player date of birth _____

Verified with birth certificate

Yes No _____

board member initials

Approved Denied

RC signature

Date

After reading the move up policy below, describe why you feel your child should be moved up.

Canastota AYSO Policy – Moving Players Up

Moving players up is strongly discouraged in the AYSO national guidelines. Players must play in the age division determined by their age as of August 1st of each season, which is the start of the AYSO membership year. The player's AYSO age remains the same until the next membership year begins (next August 1st)

Process for moving a player up:

1. Parent completes request form and submits it to regional commissioner (RC) by final registration deadline.
2. Committee reviews request with coach administrator and makes decision to approve or disapprove.
3. If approved, committee coordinates with registrar to move player up.
4. Parents are notified of committee's decision by registrar or RC.
5. Players will be reassigned to their proper divisions in subsequent seasons. A new move up request form must be completed in each season that a move up is requested. Previous move up approvals do not set precedence for future decisions.

Consideration Criteria:

1. Player within 6 months of desired age group
2. Player is uniquely advanced in skills based on coach and RC evaluation
3. Player's skills, size and maturity are appropriate for division requested, based on coach and RC evaluation
