

Hello Region 21 Family

Great news is in!

2020 FALL 2020 REGISTRATION IS OPEN!

We are so excited to start playing again and seeing all our star players and family cheerleaders.

Some quick details about Fall 2020:

Start: August 29 - End: November 21

Regular Price U5-U14 \$120 + \$20 (*National Fee)

U16-U19 \$165 + \$20 (*National Fee)

For the month of July

The great news is we are doing an Early Bird Special starting tomorrow till the end of June.

Early Bird U5-U14 \$80 + \$20 (*National Fee)

U16-U19 \$125 + \$20 (*National Fee)

On top of an early bird special our region will now offer a payment plan program with payments as low as **\$12 biweekly for 10 cycles. The hyperlink below has further detail how they work and exact payment dates. The sooner you sign up the less you have to pay! Prices go up \$20 in August and again in September.

Payment Plan

Should you have any non-registration related questions EVERY division boys and girls have separate assigned commissioners. Please see our Staff tab on the website to know how to contact your division commissioner.

We cannot wait to be reunited on the field again and we hope we have answered as many questions about the new season. Should you have more questions please contact Jasmine Arellano and Darryl Letchworth.

You will hear from a coach a week before games start!

- Region 21

Why register at Early Bird Price?

Everybody loves a discount, so why not \$40 off your registration!?! Signing up at the early bird price also helps staff get a better head start at creating a number of teams and making the season schedule (We need to know how many teams before making a schedule). WE WILL ONLY OFFER THIS MAY – JUNE. We completely understand that life gets crazy so if you would like to take advantage of this offer and the payment plan cannot help your situation please reach out to Jasmine Arellano or Darryl Letchworth. Signing up early also helps us build balanced teams. Our system is not automatic we manually make teams!

What if I have a Spring credit due to COVID-19?

Unfortunately, the Spring 2020 season was cancelled. An email was sent out and required a response to either get credited or partially refunded. A copy of that email is also attached for those who need guidance for their choice of refund if they have not done so. As for those who have, there is another attached document of how to check out with your code. Should you have any errors with your code (not the right refund price or does not work) please email Jasmine Arellano.

Why Volunteer?

AYSO is a volunteer operated organization. NO board members or field personnel are paid. We only work better together and greater in numbers. Volunteer positions like

coaching are hard to find each year which could mean limited teams or teams with no coach (everybody has hated being on that team). To help us help you better please consider signing up for head coach or assistant coach and we'd be more than happy to connect you to your division commissioner for help like what to do or where to go for more info. We offer online courses to help new coaches know the rules of the game based on their division and types of drills that should be worked on.

*** “National Fee”:** The national fee is a membership fee that the National AYSO office has put into place. Region 21 CANNOT refund this \$20 and should you need to be refunded please contact the National Office (click hyperlink) or ask a board member how you can contact the National Office. We CANNOT waive the National Office fee and is due at checkout.

**** “\$12 biweekly for 10 cycles”:** Different payment option have different biweekly or monthly payments as well as divisions have different prices. Check out will show a better break down of payment plans.
