Obstacle Course Skills Competition:

An obstacle course will be set up on ½ of a 8U field. Contestants will be timed for their completion of the course. Failure to stay on course will result in a 10 second penalty for each offense. The course will consist of cones to dribble around, hoops to dribble through, and a step to dribble over. Multiple balls will be used, and the course is complete when the participant has completed all required skills and completely crossed the finish line. All contestants will run the same course, and prizes will be awarded for each division consistent with the Accuracy competition. The top 3 contestants, including ties, will repeat the competition on Sunday for a chance to win a prize. In the case of a tie, the first tiebreaker will be the least amount of penalty time in the championship round. The second tiebreaker will be overall (round 1 & 2) time. Around the World Shooting Competition:

A total of 15 soccer balls will be set up around the perimeter of the goal, in groups of three. Balls will be placed about 3 feet out from the goal line on both sides, and at the goal box line for 8U, or about 3 yards past for 12U and up. Three balls will be placed at the corner of the goal box on both sides, and three balls will be placed at the top of the circle, straight out from the goal. Contestants will be given 30 seconds to take as many shots (and make as many shots) as possible. In addition, the third ball of each group will be considered a "money ball" and will be worth three points instead of one. The ball is scored only when it COMPLETELY crosses the goal line into the goal. The top 3 contestants, including ties, will repeat the competition on Sunday for a chance to win a prize. In the case of a tie, the first tiebreaker will be the most total shots made (money ball only worth one point). The second tiebreaker will be combined overall score (round 1 and round 2). The third tiebreaker will be a sudden death shootout from mid-field (shot vs shot).
