Player Rating Form

Instructions:
Please list all players on your roster on the form below in **alphabetical** order. Determine the "skills" (see Skills Rating Key below) on a scale from 1 to 9 compared to **all** players in the **division**. Complete the remaining columns with the player's information. Place an * next to any player you wish to be nominated as an All Star. When considering a player for the All Star team, give a lot of consideration to the players attitude. Please do not nominate Club Players for the All Star Team. Out of respect to players and parents, player ratings are to be kept confidential.
