For Spring Area Play, the Area Referee Administrator ("ARA") determines the highest match level for each Ref to be Referee (Center) or Assistant Referee. In some cases an experienced referee with a lesser badge can have AR privileges extended to upper divisions with the RRA and ARA's approval. In other cases, a newer Regional or Intermediate ref may not have full badge-level permissions. If you would like to request higher match level approvals within your badge level, please email the Regional Referee Administrator at rra@ayso889.net and the Assistant Regional Referee Administrator at arra@ayso889.net
