	I have loved soccer all my life and absolutly love sharing that love of the game with a new generation.						
	I believe in positive coaching only and you'll never hear me yelling negative comments to any of my players						
	My team has started in metro D and we moved up 2 divisions in 2 years. we practice 2x a week and will be doing conditioning days on Saturdays through the summer.						
	I am a very open coach, and I love parent involvement. team unity is a huge factor to my system and I try and arrange multiple team parties, events, etc, to build the team unity. I have a 0 tolerance policy for negativity between players.						
	I Coach our 08 Boys A team, we do tournaments in the summer (this year may be an issue) and do indoor/futsal through the winter off season.
