

DROP-OFF AND PICK-UP PROCEDURES

For everyone's well-being and safety, please review field map that denotes entrances/exits for each training group and time block, as well as, training areas. Entering the field will occur at two different locations during two separate times to minimize gathering. Parents/players need to be prompt and attempt to adhere to their respective time block, entrance/exit location, and training area.

In summary, there are four Training Areas (1 through 4).

- The North Entrance/Exit will be used for Training Areas 1 and 2
- The South Entrance/Exit will be used for Training Areas 3 and 4.
- There are also two Time Blocks (1 and 2) separated by 15 minutes.
- Your coach will tell you which Time Block and Training Area you will be using.

We cannot control traffic along Black Mountain Road, with exception of No Parking/Red Zone adjacent to North Entrance. If parents wish to drop off there, they can if they are very careful and players exit vehicle from passenger side **WITH MASK ON. PLEASE DO NOT DROP OFF YOUR PLAYER IF THEY DO NOT HAVE A MASK AS THEY WILL NOT BE ALLOWED TO JOIN THEIR TEAM OR ENTER FIELDS WITHOUT A MASK.** If not dropping off, parents can park along Black Mountain or in lot on south side of field.

Once they exit the vehicle, players (**WITH MASK ON**) may walk directly to Entrance, where **Coach/Team Admin will check them in.** Player to follow social distancing and keep their masks on until they arrive at their designated practice area and are directed where to place their backpack. **Parents are not allowed on the fields at this time.** If future restrictions are relaxed, and parents are allowed to enter the fields, they may proceed to west side of field (area with decomposed granite [DG]) - they may not be on the grassy area and must follow social distancing at all times.

NOTE: Players should have hand sanitizer with them, but there will also be some present at each Entrances/Exits and should be used prior to and following training.

Following training, players must put MASK ON, and coaches will escort players to predetermined Exit.

Parents may wait at predetermined Exit (WITH MASK ON and practicing social distancing). Some reminders:

- Please remind your player(s) that they must exit their field practice area with their mask on and keep on until they have entered your vehicle.
- Please do not mingle with other parents/players while picking up your child or anywhere near where the players are waiting.

Thank you for your patience going through our procedures noted above and for helping keep our players safe. If you have comments or concerns, please contact your coach or team admin.

Staggered Training Time

Blocks (Example)

Block 1: 530-645

Area 1 – Use North Gate

Area 3 – Use South Gate

Block 2: 545-700

Area 2 – Use North Gate

NORTH
ENTRANCE/
EXIT FOR 1
AND 2

SOUTH
ENTRANCE/
EXIT FOR 3
AND 4

10 x 10 yds training area
w/ marks in each square
