

Lac Saint Clair Little League

Social Distancing Recommendations – 2020 Season

Please adhere to the following recommendations so that we can have a complete and successful season!

- Parents should monitor their family's temperature the day of the practice/game. If anyone in the household has a temperature above 99.6 degrees, a cough, or other symptoms of the illness, they may not be at the fields.
- We are suggesting two fans per child in order to keep crowd sizes down. Please spread out around the sidelines and outfield to maintain 6ft. from other households.
- Athletes are not required to wear masks over their mouths/noses. Spectators are encouraged to wear masks according to state guidelines.
- Players should hang their bags along the outside of the fence, or spread out on the grass where no fence is available.
 - Players should not all gather in the dugout. While on offense, the next three batters up to bat should get ready and may wait spread out in the dugout. The rest of the team should be spread out outside of the fence or on the grass by their bag. Athletes need to pay attention to foul balls!
- All athletes must use *only* their own equipment, including their own helmet, bat, glove, and fielder's mask (softball)
 - Catchers equipment that needs to be shared should be sprayed/wiped down between players
 - If a child cannot get their own bat/helmet, talk to their coach
 - Players **must** bring their own water: shared team water jugs are not allowed
 - We are eliminating postgame team snacks.
- Hand sanitizer will be available at each field for the players and coaches. Please use it as needed to reduce the spread of germs *and encourage your players to use it!*
- No seeds, spitting, gum, or suckers are allowed
- No shaking hands or high fives at the end of the game. Teams will line up on the baselines and tip their caps at the end of the game.
- At their discretion, umpires can call the game from either behind the catcher or behind the pitcher's mound/circle
- **Dogs/pets are never allowed on any Little League field**
- LSCLL Board Members are to help enforce these guidelines at the park. **This season only happens if we all work together.**
- These guidelines will be reviewed by the Board frequently, and changed in accordance with State guidelines as the Board sees fit

UPDATE: JULY 14, 2020

Masks Required

On July 10th, the Governor announced the requirement of wearing masks in outdoor crowded spaces where a 6ft distance could not be maintained. We will continue to follow these guidelines so LSCLL will be fully complying with the order.

Acting under the Michigan Constitution of 1963 and Michigan law, please observe the following:

- 1. Any individual who leaves their home or place of residence must wear a face covering over their nose and mouth:
 - a. When in any indoor public space;
 - b. **When outdoors and unable to consistently maintain a distance of six feet or more from individuals who are not members of their household;** and
 - c. When waiting for or riding on public transportation, while in a taxi or ridesharing vehicle, or when using a private car service as a means of hired transportation.

This means ALL players, coaches, and volunteers will be required to wear masks in the dugout, at a minimum. ALL spectators will be required to wear masks if they are within 6ft of individuals NOT in their same household. This is especially true in bottleneck areas of fields when entering and exiting.

If you have any questions, please reach out to us at lacsaintclair@gmail.com.

As always, we appreciate your support.
