

Important Photo Information

On photo day, we will not be physically putting hands on your child. They will be given instructions on where and how to stand.

We will not be using shared equipment for photos. We ask that your child bring his/her own equipment (Ball, etc.)

To ensure the safety of our staff and you, please wear a mask and practice social distancing when you are in the photo area and when making payment.

You can go online to www.dimage.us and place your order. Print your receipt and that becomes your order form.

Your child can give this receipt to our photography staff. By doing this, you will have no contact with our staff.

Hand sanitizer will be provided, and photo lines will be marked to insure 6ft social distancing.

There will not be a group team photo, but we will composite individual photos into a team photo. Your coaches will also be composited into the photo.

Thank you all for your support in the past and ask that you please follow these guidelines. Let's all stay safe and get through these trying times.
