Final Number of Bags

How It Works:

Collect gently worn, used and new shoes to donate for our fundraiser. Perfect way to clean out those closets before the school year. Put collected shoes in a bag with your name on the bag and turn it in to the marked boxes at practice. We are asking each athlete to set a goal of collecting 25 pairs of shoes, or more if you can ;). Ask your family, neighbors, teachers, and friends to help you achieve your goal. Get creative and send a video out on social media to really get the word out. The team who collects the most will be awarded a special treat!
