

Family Volunteer Requirement

Parents/Guardians will be required to participate in other duties such as gate and concession stand during home games and special events such as the East Bay Bucs Cheer Classic. In addition to concession stand duties during scheduled practice times. Families are required to volunteer a total of 4 hours during the fall season. We are working hard to make sure that our league is a success and need as many families involved as possible to do so! We are proud of our accomplishments. However, it will take participation from everyone to continue building a strong organization for our children. The \$40 buyout fee is incorporated into the registration fees. If you choose to buyout there is nothing further for you to do and you will not be required to volunteer. If you elect not to buy out (indicating you or a designated family member WILL be volunteering) you will be expected to coordinate with your respective team parents, sign a work roster and report for duties on time and complete the designated duty for the agreed upon time. Once completed you MUST ensure your volunteer time is tracked and signed off by a league board member or designee. Once completed you will be reimbursed the \$40.00 buyout fee by the league Treasurer or designee.
