

## Lamar County Recreation Department Registration Form

*"LCRD Growing Community, Character, and Champions!"*

Thank you for choosing to allow your child to participate in the sports programs at Lamar County Recreation Department. Our mission is to provide affordable, safe, and fun youth sports programs. We work to create an environment that encourages and promotes good sportsmanship, builds character, and teaches lifelong skills.

We cannot accomplish our mission alone. It takes us working with our volunteer coaches, officials, parents, and players. We hope your and your families experience in our programs will be one of fun and player development.

The Lamar County Recreation Department strives to make sure that each child is given opportunities to be successful. We also have great confidence in each of our volunteer coaches. For these reasons we **DO NOT** honor request outside of siblings. Players are evaluated at our preseason evaluations and coaches and/or rec staff will select players based on the evaluations. Our goal is to evenly distribute talent so that teams are as competitive as possible. Once Players are placed on a team **NO REFUNDS** are given and players cannot be swapped.
