

### Boys and Girls Soccer Program Advertising Rates 2018

The Boys and Girls soccer teams at USCHS have a reputation of excellence that stretches across the state of PA! The boys are 4-time PIAA State Champions and the girls are the 2015 State Champions!

The 2018 season brings great hope for success as the start to the season draws near. The boosters club for both the boys and girls teams are asking for your support for the 2018 soccer season for these very talented athletes. Our high school teams include approximately 100 student athletes in our community with the addition of over 800 recreation players ages 6-16.

A great avenue for advertising for your business, as well as support for our student athletes, is our annual program that is passed out to all families. Additionally, this year we have added 4 spots for social media advertising via our popular Twitter account.

We hope that you will consider supporting our very successful teams. Thank you in advance for your participation!
