The Promotions Team needs your help in capturing human interest stories related to Cheer and Dance Teams advancing to the National Championships. A human interest story is a feature story that discusses a person or a team presenting their challenges and/or achievements in a way that brings about motivation to the reader. A human interest story may be "the story behind the story" about an event, organization, or a local happening. The human interest story may look at news in a more personal way, especially by interviewing people affected or creating a report on one or several people.

We would like to highlight your most valued storyline this season. Please complete the form below and return to spirit@popwarner.com no later than Tuesday, November 27th. We will reach out to the contact person listed below for more information.
