Scholar Inc.*

Hello everyone.

Hope everyone is doing well and staying safe.

At Last night's OEC Conference meeting and after much consideration to the safety of the children and families of OEC, the Orange Empire Conference has voted to postpone the 2020 Cheerleading and Football season to the spring of 2021.

Our tentative schedule would be to start the season in December 2020 with our conditioning clinics and proceeding with our Pop Warner practice schedule with games starting January 9, 2021.

Some associations have chosen not to participate in the 2021 spring season. If your association has chosen not to participate you will be granted a waiver to participate in another association.

Everyone should be very proud of your association presidents. With all the different scenarios we discussed and contemplated on moving forward with, your presidents and OEC commissioners number one concern was "what is the safest option for our children and families".

Considering we are dealing with this COVID pandemic, we hope you will understand and support our decision and help OEC make the 2021 Spring Cheer and Football season a great one.

Thank you for your time and please continue to be safe!

Sincerely,

Bobby Espinosa
OEC President
