This request must also be approved by BUSC Director of Coaching AND Age Group Coordinators in the age appropriate age group and older age group for ANY player requesting to “play up” in an older age group as governed by birth year.

I, as parent/guardian, am aware that my younger player will be playing against older, usually more physically developed whose soccer skills may be more advanced and whose play may be more physical.

As parent/guardian, I give my PERMISSION for my child,

_____ (_____), to play up above his/her USYSA stated age group.

Name _____ Age _____

In granting my permission, I acknowledge that I fully understand that by playing up my child could be at more at risk of injury. Such injury could include, but not limited to; cuts, scrapes, sprains, damage to ligaments, broken bones, or concussions and such injury could be potentially serious, permanent or life-threatening.

BEFORE giving your child permission to play up, please consider your child’s maturity, size, coordination, muscular development, attitude and social development in comparison to the team members of the older team.
