

## Parkway Central Junior Colts Football Player, Parent and Coach Contract

In order to ensure the success of our program, and to make this season as positive as possible, we ask each parent, player, and coach to sign this contract regarding expectations and responsibilities. Failure to comply with this contract may result in suspension or dismissal from the program. This is not just a piece of paper – we take this contract very seriously. If you have a problem with any of the items on this contract, please contact the business manager or head coach for your grade level before you sign.

### Players

- I will strive to put forth my best effort in practices and games.
- I will show respect to my coaches and teammates.
- I will conduct myself with dignity and honor at all times while I am representing my football team, both on the field and in school. I will not hurt the team with penalties due to poor sportsmanship.
- I will put my team first, and myself as an individual second. This means I will play to the best of my ability in the position where the coach believes I can best help the team.
- I will stop what I am doing and pay attention when a coach is talking to the team. I will not interrupt, otherwise be disruptive, or talk back to a coach.
- I will not hurt the team by doing anything that would keep me from being able to play football, such as using drugs, getting into trouble in school or at home, or falling behind in my schoolwork.
- I will, through my words and actions, work only to build up my teammates regardless of their ability.

### Parents/Guardians

- I will participate as much as I can to help the team where help is needed.
- I will make every effort to have my player at every practice and game on time and prepared to play. This means they have all of their equipment, including regularly cleaned uniforms, and they have had enough sleep, and have eaten at the appropriate time. I will also make sure to be on time to pick up my player after practice, or I will make other transportation arrangements.
- I will let the coaches coach. I may ask questions or make suggestions in private, but I will not criticize or blame. I will not tell my player to do anything that is contrary to what the coach has said. If I have a problem with something a coach has said or done, and I don't feel I can speak directly to that coach, I will contact the Head Coach or the Director as appropriate.
- I will conduct myself with dignity and honor at all times while I am supporting our football team.

### Coaches

- I will do my best to teach every player at least the basics of football and all that goes with it.
- I will treat every player with respect being ever-mindful to maintain and build their self-esteem.
- I will demand respect from every player and will not accept unacceptable behavior toward any coach or player.
- I will give every player an equal opportunity to earn playing time and starting positions.
- I will make myself available to every player and I will do my best to be approachable.
- I will conduct myself with dignity and honor at all times while I am representing our football team. I will strive to be a model of good sportsmanship and citizenship.
- I will put effort above winning. This means I will subscribe to the philosophy, "It is not whether you win or lose, it is how you play the game that counts."
