Step 9: Your team page is created! From here you then can invite players to your team by entering their email address. You can also send payment reminders and pay open invoices for players. This page also tells you how many players have joined your team and what the minimum and maximum players per team are. PLUS, the team code is on this page too. You can pass this code out to anyone who you would like to join your team. When you enter emails on this page, each email will already include the team code.
