

2019 Tiger Cubs Program (1st – 2nd grade)

Players in grades 1 and 2 can start with the basics in the sport of softball in this clinic style program. This is a great next step for the player who enjoyed tee ball or bubba bat but is ready to play softball with peers.

ITS will be running after school programs at both Winthrop School's A.C.E. Program & Doyon's School D.E.E.P. Program. Please reach out to your school for more information!

If there is enough interest, we will offer an in-town program throughout the season from mid-April to early-June with a combination of practice time, skills, drills and semi-competitive but fun games.

If interested, please contact Andrea Morris at ipswichsoftball@gmail.com
