

For Immediate Release:

Eastside Thorns FC to launch for the 2018-19 OYSA Season

Eastside Timbers is proud to announce our partnership with Portland Thorns FC, as our girls competitive program becomes Eastside Thorns FC. Eastside has a long history of developing elite players, and with this transition, we believe it further clarifies the pathway for our girls competitive program. Our goal is to create a fully integrated pathway for our boys and girls from youth soccer to college, and beyond to the Portland Timbers and Portland Thorns.

“We are delighted to partner with Eastside Thorns FC,” said Gavin Wilkinson, general manager and president of soccer for Portland Thorns FC. “Through this partnership, Portland Thorns FC and Eastside Thorns FC will share in the local development of the game and further strengthen the development pathway for many young players in this region by creating this club affiliation and a stronger connection with their professional role models.”

Eastside Thorns FC will begin competition for the 2018-19 youth soccer season, with the initial kick-off being competitive tryouts May 7th-16th. For more information on tryouts, please visit www.eastsidetimbers.com for tryout dates, times, and location.
