

POTOMAC HIGHLANDS SOCCER LEAGUE

COACHES MANUAL 2018

Potomac Highlands Soccer League

Coaches Code of Conduct

Be an example of patience and positive spirit

Encourage players to participate for enjoyment of the game and help them to realize that winning is only part of the fun.

Come to games and practices prepared.

Help the players learn that competing fairly and doing one's best is more important than winning.

Encourage parents to applaud and cheer for the good plays of both teams. Never allow negative comments from parents or team members towards other players, coaches or referees.

Remember that children learn by example. Never use drugs, alcohol or tobacco of any kind at sporting events.

NEVER yell at a referee. If you do not agree with a call ask them about it at halftime or after the game to have them explain to you how they saw the play. If persistent yelling of the referee occurs during the game, the referee has the option of removing you from the game.

Your example is powerful for better or worse. If you insist on fair play, concentrate on our player's enjoyment of the game and long-term development, and you support the referee, your players and parents will notice. If you criticize harshly, allow players to demonstrate poor sportsmanship or are overly concerned with results, your players and parents will notice that too!

Potomac Highlands Soccer League

Parents Code of Conduct

My family is an extension of our soccer family, and as a result I understand I am expected to do my best to commit to team rules and regulations...

1. I commit to making sure my child arrives to games and practices on time (Games - AT LEAST 15 min ahead of time)
2. I will be sure that my child is properly equipped, sun-protected, hydrated, and fueled for practices and games
3. I will show respect for the referees
4. I will be a role model for my child regarding good sportsmanship, teamwork, and self-worth
5. I am responsible for the behavior of all family members at games and practices
6. I will provide encouragement and support for my child, their teammates, and their coach
7. I will respect the opposing team, coaches, and fans
8. I understand that winning is important to the team, but the primary objective is promoting an environment of growth and learning
9. I will support the coach's message. While I will not agree with the coach at all times, I also understand that contradicting the coach's message is counterproductive
10. I will help my child embrace his/her role, no matter what it is
11. I will refrain from public complaints about coaching and other players with parents
12. I will do everything within my control to make this a positive experience for my child, other players, families, and coaches

I understand that if the above rules of conduct are not followed I (and possibly my child) will be asked to not participate in the league.

CONCUSSION INITIATIVE

- Per the US Soccer Concussion Initiative, if a player is suspected to have a head injury the referee is instructed to stop play to allow for treatment/evaluation as needed *
- If the player leaves the field of play for additional evaluation, a substitution can be made in that moment
- The player with the suspected head injury may not return to the game unless a Health Care Professional (HCP) or Certified Athletic Trainer (ATC) has cleared the player
- Any coach or parent insisting on returning the player to the game without approved clearance will result in the referee ending the game
- No Heading the ball in the age groups of 12U and below
 - If a player heads the ball in a game
 - Accidental/Not Deliberate
 - Drop ball from spot of offense.
 - Deliberate
 - Indirect free kick awarded to the opposing team from the spot of the offense.
 - Inside the penalty box -indirect free kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement occurred.
- Playing up in 15U
 - If a player is playing up in 15U from 12U the referee MUST be notified of their age, as heading the ball is still prohibited to them.
- 15U Practicing Heading
 - Limit to 30 minutes per week with no more than 15-20 headers per player, per week
 - When possible, foam balls should be used for learning how to properly head the ball

* As there is no referee in 4v4, this responsibility falls to the coaches and parents involved

PHSL SOCCER COACHING

Tips for Fun and Effective Practice

#1 KEEP IT FUN – Picture yourself at the grocery store and you're the last person in a 12-person line. Any fun? Same thing for kids. Avoid using long lines in your drill or activities.

Another good practice tip is not to have elimination games in which a player sits if he loses. Change are good that if he lost, he needs to practice and not be sitting

#2 HAVE A PLAN – You won't be stumbling for ideas with all those eyes looking at you. You will look more professional. Fold it in half and tuck it in on the side of your waistband for quick access to it. After practice, use it to write that worked well and what you would change. Keep them as records so you know what and when you practiced.

#3 ARRIVE EARLY – Have all your cones laid out for two or three activities. No down time in between drills. No time for kids to get into mischief.

#4 USE SMALL SIDED GAMES – Players will have more opportunity to touch the ball and more opportunity equals more excitement and fun!

#5 HAVE AN ODD NUMBER OF PLAYERS - Use the player as a target player (a player that plays on both teams). This will give you numbers up on either offense or defense. This can be useful to show the team success in a certain area. Or use an extra player as a "ball buddy" to keep players busy.

#6 KEEP IT SIMPLE - Don't use big fancy words.

#7 FAKE IT - If you had a bad day at work and you are not enthusiastic about being at practice then you have to fake it.

#8 DRILL/ACTIVITY NOT WORKING - Don't be afraid to change it or even stop it all together.

PHSL SOCCER COACHING (cont'd)

- Have a good Team Meeting/Kickoff
 - o Equipment (Ball size, shin guards, water, sneakers/soccer cleats, etc.)
 - o Game & Practice times and locations
 - o Parent Expectations
 - See Parent Code of Conduct
 - o Player Expectations
 - Good behavior – listen. Nobody talks when coach talks
 - Treat Coach like a Teacher
 - Treat Everyone with Respect (Teammates, Other teams, Referees, etc)
 - Do Your Best (True Success)
- Plan for practices - have an Agenda to keep them busy and engaged
 - o Orderly & Appropriate
 - o Fun & Challenging (try to coach up to better players if possible)
 - o Replicate the Game
 - o Competitive
 - o Keep them Energized and Active
 - o End with a game/scrimmage (apply conditions to stress what was practiced)
- Be patient and have fun.
- Ask questions that make the players think
- Much encouragement & praise
 - o Follow all criticism with something they are also doing well.
- Nothing is mandatory. Let them walk away from play if they want
- PRACTICES will not be scheduled within 24 hours of the planned start time (preferably 36 hours)
- FITNESS
 - o Coach your kids FITNESS. Includes proper warm-ups, stretching, running, sprinting, back-pedaling, etc. Endurance is key.

COACHING SOCCER AT DIFFERENT LEVELS

(Things players should know/master at each level)

At all levels it is important that you be able to demonstrate the proper form for each of these skills OR have someone who can.

COACHING TIPS

- Always, always, always be prepared before you come to practice
- Develop and write down a Practice Plan for EACH and EVERY practice you hold. Keep them for future reference or re-use. It's very helpful to sketch out diagrams, cone layouts, and player movements.
- Focus on only a single theme in each practice session – passing, trapping/receiving, shooting/kicking, or dribbling, etc. if your theme is dribbling and you see a player perform a bad pass, do NOT correct it. It keeps your players focused on what you are teaching.
- Arrive at least 20 minutes early to set up the first few drills/games. Use cones.
- Use assistants. There are always parents who will come to every practice – ask them to help you. They will, they just need to be asked and told what to do.
- NEVER yell at a player. Use encouragement and positive reinforcement. To correct something, ask the player if they know what they did wrong. If they don't know, pose the question to a team-mate. Then demonstrate what they should have done or how they should have done it. Then allow them to perform it correctly.
- If you need help, ask another coach. We are all here to help each other and learn from one another. Keep the number or contact information hand of your Coaching Coordinator(s) from the PHSL. They are there to help you succeed. We want you to succeed.

The 6U Player

Overall development of the 6U player is the same for boys and girls. The game and practices should be focused on having fun with the ball which is viewed as a toy.

In order to make practices run smoothly and be fun, it is important to understand the typical characteristics of the 6 and Under player.

Focused on themselves – Reality to them is based on what they see and feel

Unable to see the world from another's perspective – Everything is in the here and now

Cooling systems are less efficient – Need frequent water breaks

Enjoy playing, not watching – Every player should have a ball in practice

Limited attention span – Keep directions concise and to the point

Effort is performance – If they try hard, they are doing well

Active imaginations – Utilize their imaginations in activities, they will love practice

Look for adult approval – Be encouraging when they say “Coach, look what I can do!”

Unable to think abstractly – Spatial relationships are a mystery

Typically have 2 speeds – Extremely fast and stopped

Usually unaware of game scores – Keep it that way

Fragile psyche – Bruises easily and they need MUCH praise

6U Practices should consist of:

1. The 3 L's – No Lines, No Laps, No Lectures!
 - a. No Lines = every player should have a ball and be active at all times
 - b. No Laps = use TIME OUTS for behavior correction, do not give running laps as a punishment (they love to run)
 - c. No Lectures = when you explain a new exercise keep it short and simple then demonstrate, you will not keep their attention for more than 30 seconds if you are just talking to them
2. 1-hour practice
3. Organized FUN with soccer ball – simple, directional GAMES related to the game of soccer.
4. Set up FUN GAMES and let them go flat out. Don't over-coach.
5. Many short rest periods – water breaks. Their water should be right by the practice field and NOT with mommy/daddy.

Skills needed to Excel beyond 6U

- Dribble the ball with any part of BOTH feet
- Roll soccer ball with bottom/sole of primary foot
- Perform 180 turn without defensive pressure
- Shoot/kick the ball at the goal with any part of primary foot

The 8U Player

The overall development of the 8U player is the same for boys and girls. This is a crucial age for technical skill development.

There are some critical differences from 6U to 8U:

- Attention span is increasing
- Skeletal System is growing. Growth plates are near the joints and injuries should be carefully evaluated. Proper warm-ups and stretching become important.
- Time and Space concepts are starting to develop
- Role Models are beginning to emerge – be a GOOD one!
- Beginning to develop self-concept and body image – like to show off individual skills.
- Need approval from parents and coaches. Negative comments carry great weight and are very destructive.
- Seek social acceptance and want to be liked.

8U Practices should consist of:

1. Provide more Challenge and set up competitive situations. Dribbling races are good, relay races are good, small group competition is good, etc.
2. Proper demonstration of skills and drills is important. If you can't do it, use an older player as a role model and to demonstrate skills, they learn HEAVILY on watching and copying, and THEN experiencing.
3. Practice Plans should have a theme (passing/trapping, kicking/shooting, dribbling, etc.). Apply conditions to the end of practice scrimmage to emphasize the theme (e.g. 2 points for a successful push pass and trap/receipt by team mate).
4. 1.5-hour practice

Skills needed to Excel beyond 8U

- “Shield” the ball under defensive pressure.
- Perform technically correct “push pass” with defensive pressure
- Understand the importance of the first touch and going toward space
- Dribbling – look up and see the field – keeping head up and only “peek” down to feet and ball
- Be exposed to at least 5 “moves” that they can perform slowly with no pressure. Have 1 or 2 favorite moves that they can perform with defensive pressure. Understand the idea that a move is any change in direction or speed. Some basic moves include: half turn, quarter turn, stop and go, stop and turn, scissors, inside cut, outside cut, Cruyff.
- Perform technically correct “laces kick” for power as well as distance in the air.
- Understand the importance of utilizing space and passing the ball to the open man.

6U & 8U SMALL SIDED SOCCER RULES

- Each coach divide his/her team into 2 equal teams based on age and experience
 - If one team does not have enough players to make 2 full 4v4 teams, the opposing team will have players flip their jersey and they will play for the opposing team. To make it fair, switch the “flipped” player at the end of each quarter.
- Substitutions
 - Unlimited – can occur at any stoppage
- Every player should play a MINIMUM of 50% of the time in each game.
- There are two simultaneous games occurring at the same time
 - teams should be divided into an “A” and a “B” team with younger less experienced players on the “B” Team
- Each quarter is begun with a kick-off from mid field. Alternating teams with each kick-off
- After half-time
 - teams switch sides of the same field. Coaches switch fields to allow for coaching of both sides of their team.
- No offside
- No Heading the Ball
 - See Concussion Initiative Section
- Balls going out of play (over the goal line or touch lines) are played “in” as an indirect kick. No throw-ins. Balls last touched by a defender that go out over the goal line will result in a corner kick and balls last touched by an offender will result in a goal kick at the top of the arc
- Goals CANNOT be scored directly from a kick-off, kick-in, indirect kick, or drop kick.
- Defending teams must be at least 15 feet from the ball on all restarts, except for drop kicks and when NO-ENTER-ARC makes this impossible. In the latter case, the defense is permitted a wall on the arc, but the kick needs not be delayed to prepare for this.
- The kicker has 5 seconds to kick the ball once the ball is properly placed for any restart the penalty for delay of game is an indirect free kick.

6U & 8U SMALL SIDED SOCCER RULES (cont'd)

- Dead Balls inside the NO-ENTER-ARC (rolls to a stop inside the NO-ENTER-ARC)
 - Play is stopped and the referee retrieves the ball and does one of the following depending on who last touched it.
 - Attacking team last to touch the ball - goal kick for the defending team by placing the ball at the top of the NO-ENTER-ARC
 - Defending team last to touch the ball – indirect kick for the attacking team 10 feet from where the ball entered the NO-ENTER-ARC
- All infringement of rules will result in an indirect free-kick with the exception of those indicated below:
 - **Direct free kick** for deliberate handballs, repetitious attempts to “kill the clock,” dangerous slide tackling, and violent or intentional fouls.
 - **Entering the NO-ENTER-ARC:** an indirect free-kick is awarded at point 10 feet out roughly perpendicular to where the defender intentionally enters the zone, if the ball is not touched inside the arc. If a defender intentionally touches the ball while it is in the NO- ENTER-ARC to prevent a goal opportunity, a direct penalty kick from the mid-field is granted. A goal kick is awarded to the defense if an attacker intentionally enters the arc, whether or not the ball is touched.

10U STANDARDS OF PLAY

- 7v7 – 6 in the field and 1 goalkeeper
 - Game may not start or continue if there are less than 5 players on the field
- Substitutions
 - Unlimited – can occur at any stoppage and once the referee has been notified
- Every player will play a MINIMUM of 50% of the time in each game.
- All players will play EVERY position on the field during the season for at least HALF of one game. The only exception is the goal keeper, if a player does not feel comfortable playing as a goal keeper they should not be placed in that position.
- Build Out Line (BOL)
 - Equidistant between penalty area and halfway line
 - When Goal Keeper has the ball in hands
 - Opposing team must move behind the BOL until the ball is put into play (when the ball leaves the penalty area)
 - Once opposing team is behind the BOL, the goalkeeper can pass, throw or roll the ball into play
 - After the ball is put into play by the goalkeeper, the opposing team can cross the BOL and play resumes
 - Goal Kick
 - Opposing team must move behind the BOL and may not cross the BOL until the ball has left the penalty area
 - Practical Applications
 - Promotes playing the ball out of the back in a less pressured setting
 - Ideally, goalkeeper will wait to put the ball into play once all opponents are past the build out line
 - However, goalkeeper can put the ball into play sooner but he or she does so accepting the positioning of the opponents and the consequences of how play resumes
 - Coaches and referees should be mindful of any intentional delays caused by opponents not retreating in a timely manner or encroaching over the BOL prior to the ball being put into play.
- No Heading the Ball - See Concussion Initiative Section
- NO punts or drop kicks by the goalkeeper
 - If punt or drop kick occurs – indirect free kick awarded on the goal area line parallel to the goal line at the nearest point to where infringement occurred.
- Offside Modified Rule
 - BOL denotes where offside can be called.
 - Players CANNOT be penalized for an offside offense between the halfway line and the build out line
 - Players CAN be penalized for an offside offense between the build out line and goal line.

- Coaches will stay within the Coach/Team Box and not impede with play of the game
- When Short on Players or Need Substitutes
 - Can pull players from 8U – need parent and that player’s coach approval
 - Cannot pull players from other 10U teams

12U STANDARDS OF PLAY

- 9v9 – 8 in the field and 1 goalkeeper
 - Game may not start or continue if there are less than 6 players on the field
- Substitutions
 - Unlimited – can occur at any stoppage and once the referee has been notified
- Every player will play a MINIMUM of 50% of the time in each game.
- All players will play EVERY position on the field during the season for at least HALF of one game. The only exception is the goal keeper, if a player does not feel comfortable playing as a goal keeper they should not be placed in that position.
- No Heading the Ball - see Concussion Initiative Section
- Coaches will stay within the Coach/Team Box and not impede with play of the game
- When Short on Players or Need Substitutes
 - Can pull players from 10U – need parent and that player’s coach approval
 - Cannot pull players from other 12U teams

15U STANDARDS OF PLAY

- 11v11 – 10 in the field and 1 goalkeeper
 - Game may not start or continue if there are less than 8 players on a team
- Substitutions
 - Unlimited – Can occur at any stoppage under the following procedure
 - Team who has control of the ball (ie taking a throw-in, goal kick, free kick, etc)
 - Notify Referee that a substitution is requested
 - Both teams may substitute. The team that did not initiate the substitution must be ready to make a substitution at the time one is requested by opposing team
 - Team who does NOT control the ball
 - May only make a substitution when the opposing team requests one
- Every player should play a MINIMUM of 50% of the time in each game.
- Coaches will stay within the Coach/Team Box and not impede with play of the game
- When Short on Players or Need Substitutes
 - Can pull players from 12U – need parent and that player’s coach approval
 - Cannot pull players from other 15U teams

ADDITIONAL RULES AND POLICIES

1. PLAYING UP DURING THE SEASON

- A Player may play up ONE age division during the season as long as there is an understanding between the player, the player's guardian(s), the player's assigned coach, and the coach of the team that the player will be playing up on.
- The Player who is playing up will NOT take away significant playing time from a player in the age division in which they are playing.
 - If the older team has enough players to make a full team, the player playing up should be there in a support role to give the assigned players a break as a substitute.
 - The player playing up is NOT required to play a minimum of 50% of the time on the team that they are playing up on.
- The Player's assigned teams practices and games will take priority over the team they will be playing up on.
- The Player will not be required to have the same uniform as the team for which they are playing. They need to wear a jersey that makes them identifiable as being on that team. This will only be an issue when a 12U player plays for a 15U team.
- The Player will not exceed the Maximum number of weekly practices for their assigned age group.
 - For example: 10U Player playing up on a 12U. The 10U Player has 2 scheduled practices in one week on their assigned team. After attending those practices they have reached their Maximum allowed practices for the week.

2. Maximum Allowed Substitutes on Game Day – a team will not have more than the number of players allowed on the field plus FOUR on game day unless all the substitutes are comprised by assigned players on that team. (Note: “assigned player” is a player that is on the official league roster for the team in question)

- Examples
 - 10U Team (7 players allowed on the field) – Team has 11 assigned players and all show on Game Day. The team has 4 assigned player substitutes and all assigned players are allowed to play. No additional substitutes allowed.
 - 12U Team (9 players allowed on the field) – Team has 12 assigned players and all show on Game Day. The team has 3 assigned player substitutes and is allowed to have 1 additional player play up on the team for the game.
 - 15U Team (11 players allowed on the field) – Team has 16 assigned players and all show on Game Day. The team has 5 assigned player substitutes and all assigned players are allowed to play. No additional substitutes allowed.

ADDITIONAL RULES AND POLICIES (cont'd)

3. Season Standing's Calculation

- 10U, 12U, and 15U Only
- Used to rank teams in their age groups and to seed teams at the end of year competitions.
- Point System
 - Win – 3 points
 - Tie – 1 point
 - Loss – 0 points
- End of Season Tie in points
 - First Tie Breaker – Head to Head
 - Second Tie Breaker – Goal differential, higher total breaks the tie
 - Third Tie Breaker – coin flip

BASIC RULES OF SOCCER

1. Referees

- **6U & 8U**
 - Coaches will referee; due to the size of the field only ONE coach on each field then switch at halftime
- **10U, 12U, & 15U**
 - Counties will work to supply a referee for each game. If no referee is available, coaches should first ask parents and bystanders for a volunteer. If no one volunteers, then one or both coaches may referee. Coaches should not only officiate, but coach and encourage BOTH teams during the game. There will, however, only be one referee per field so decide who it will be
 - Linesman – volunteers from parents or bystanders. The referee should verify from the linesman whether they understand the offside rule before allowing the linesman to call offside. If they are not comfortable with the linesman calling offside or if no linesman present, the referee will explain to the coaches that they will do their best to call offside, but it is not guaranteed and will not put self in position to be able to call it every time.

2. Kick off

- A kick off takes place at the start of each half (or quarter) and after each goal scored. The kickoff is taken at the center field mark. Teams line up on their half of the field, with the non-kickoff team outside the center circle. The kickoff can be played in any direction by one player who can't touch the ball a second time until after another player has touched the ball. The non-kickoff team may not enter the center circle until after the ball is touched the first time.

3. Ball out of play

- The ball is out of play when it is COMPLETELY over the goal line or sideline (touchline) either on the ground or in the air.

4. Throw in

- When the ball is deemed to have gone out of play across the sideline the opposing team is awarded a throw in
- Proper throw in
 - Both feet must be on the ground when the ball is thrown, both hands must throw the ball, and the ball must come from directly behind the head.
- Improper throw in
 - If referee deems that an improper throw in has occurred the opposing team is awarded a throw in from the same spot
- Opponent must be 2yds away from the throw
- Goal keeper cannot receive a throw in with their hands.

5. Goal Kick

- When the ball is deemed to have gone out of play across the end line having been last touched by the attacking team.
- Ball is placed along the top of the goal box

- Kicker may not touch the ball again until it has left the penalty area and has been touched by another player on either team

6. Corner Kick

- When the ball is deemed to have gone out of play across the end line having been last touched by the defending team.
- The kick is taken from the corner of the side it went out on and is a direct kick
- Opposing team must be at least 10 yds away from the ball when it is kicked

7. Player's equipment

- Shin guards are mandatory. Shin guards go under the sock and must be completely covered by the sock. No jewelry. Cleats are not mandatory, but recommended at 10U+ levels. No other sports cleats where there is a front spike. If a player does have a cleat with a front spike it may be cut off and then the cleat is safe to be worn in play.

8. No handling the ball

- Handling the ball involves a deliberate act of a player making contact with the ball with the hand or arm. The following must be considered:
 - the movement of the hand towards the ball (not the ball toward the hand)
 - the distance between the opponent and the ball (unexpected ball)
 - If a player moves their arm to protect a part of the body it is NOT an infringement. General rule is, if the arm is in contact with the body AND if arm was removed it would have hit a part of the body this is NOT an infringement of the handling rule.
 - the position of the hand does not necessarily mean that there is an infringement
 - touching the ball with an object held in the hand (clothing, shin guard, etc) is an infringement
 - hitting the ball with a thrown object (boot, shin guard, etc) is an infringement
- Parts of the body subject to the handling rule are both the hands and the arms, extending from the tips of the fingers to the articulation of the shoulder.
- In order for a violation to have occurred, the Referee must have seen the contact and must have judged the contact was intentional (deliberate).
- Referee uses the following general criteria to determine if the contact with the ball was intentional:
 - If the player moved his hand or arm to the ball; or,
 - If the player had sufficient reaction time to move his hand or arm out of the way of the flight of the ball and failed to do so; or
 - If the player makes themselves bigger by moving their arms outward.
- If contact determined unintentional - play allowed to continue
- If contact determined intentional – play is stopped and a direct kick is awarded. If foul occurs inside the penalty area by the defending team a penalty kick is awarded

9. Off Side

- Offside Position
 - Player IS in an Offside Position if:

- Player is past midfield (build out line if appropriate) AND
- Nearer to the goal line than the second to last opponent AND
- Closer to the goal line than the ball.
- Offence
 - Player must be deemed in an offside position, at the moment the ball touches or is played by one of his team, by the referee to be involved in active play by:
 - Interfering with play OR
 - Interfering with an opponent OR
 - Gaining an advantage by being in that position
- No Offence
 - No offside offence if a player receives the ball directly from: a goal kick, a throw-in, a corner kick
- Infringements and sanctions
 - In event of offence, the referee awards an indirect free kick to the opposing team to be taken from the place where the player was deemed offside touches the ball.

10. Direct Free Kick

- When awarded the ball is placed at the spot of the foul.
 - Referee signals by raising their arm and pointing towards the goal of the offending team
 - The team taking the kick may shoot directly on goal.
 - The opposing team must back up 10yds from the ball.
 - Ball enters the goal
 - Kicked directly into the team's own goal, a corner kick is awarded to the opposing team.
- Direct Free Kick is awarded when a player commits any of the following offences in a manner considered by the referee to be careless, reckless or using excessive force:
 - Kicks or attempts to kick an opponent, Trips or attempts to trip an opponent, jumps at an opponent, charges an opponent, strikes or attempts to strike an opponent, pushes an opponent, tackles an opponent, holds an opponent, spits at an opponent, handles the ball deliberately
 - Any foul that involves contact

11. Penalty Kick

- Awarded if any of the criteria for a direct free kick is met by a player inside their own penalty area, irrespective of the position of the ball, provided it is in play.

12. Indirect Free Kick

- When awarded the ball is placed at the spot of the foul.
 - Referee signals by raising their arm above their head. Maintains their arm in that position until the kick has been taken and the ball has touched another player or goes out of play.
 - A goal can only be scored if the ball subsequently touches another player before it enters the goal.
 - The opposing team must back up 10yds from the ball.

- Ball enters the goal
 - Kicked directly into opponents' goal, goal kick awarded
 - Kicked directly into team's own goal, a corner kick awarded to the opposing team
- Indirect Free Kick is awarded to the opposing team if a goalkeeper, inside their own penalty area, commits any of the following offences:
 - Controls the ball with their hands for more than six seconds before releasing it from their possession, touches the ball again with their hands after they have released it from their possession and before it has touched another player, touches the ball with their hands after it has either been deliberately kicked to him by a team-mate or received directly from a throw-in taken by a team-mate.
- Indirect Free Kick is award to the opposing team if, deemed by the referee, a player:
 - Plays in a dangerous manner, impedes the progress of an opponent, prevents the goal keeper from releasing the ball from their hands, commits any other offence not already mentioned above for which play is stopped to caution or send off a player.

13. Ceremonial Free Kick

- Team asks for the referee to give them 10yds. The team kicking the ball is not required to have time to set

14. Yellow Card

- Offences that could lead to a player being cautioned with a YELLOW CARD:
 - Unsporting behavior
 - Commits one of the six offences that incur a direct kick in a reckless manner
 - Removes the shirt or covers their head with their shirt
 - Dissent by word or action
 - Delaying the restart of play
 - Persistent infringement
 - Fails to respect required distance when play is restarted with a coner kick, free kick or throw-in
 - Enters or re-enters the field of play without referee's permission
 - Deliberately leaves the field of play without referee's permission
- Hot Head Rule - Player cautioned with a yellow card will be required to leave the field for 5 minutes. That player's team may substitute immediately.

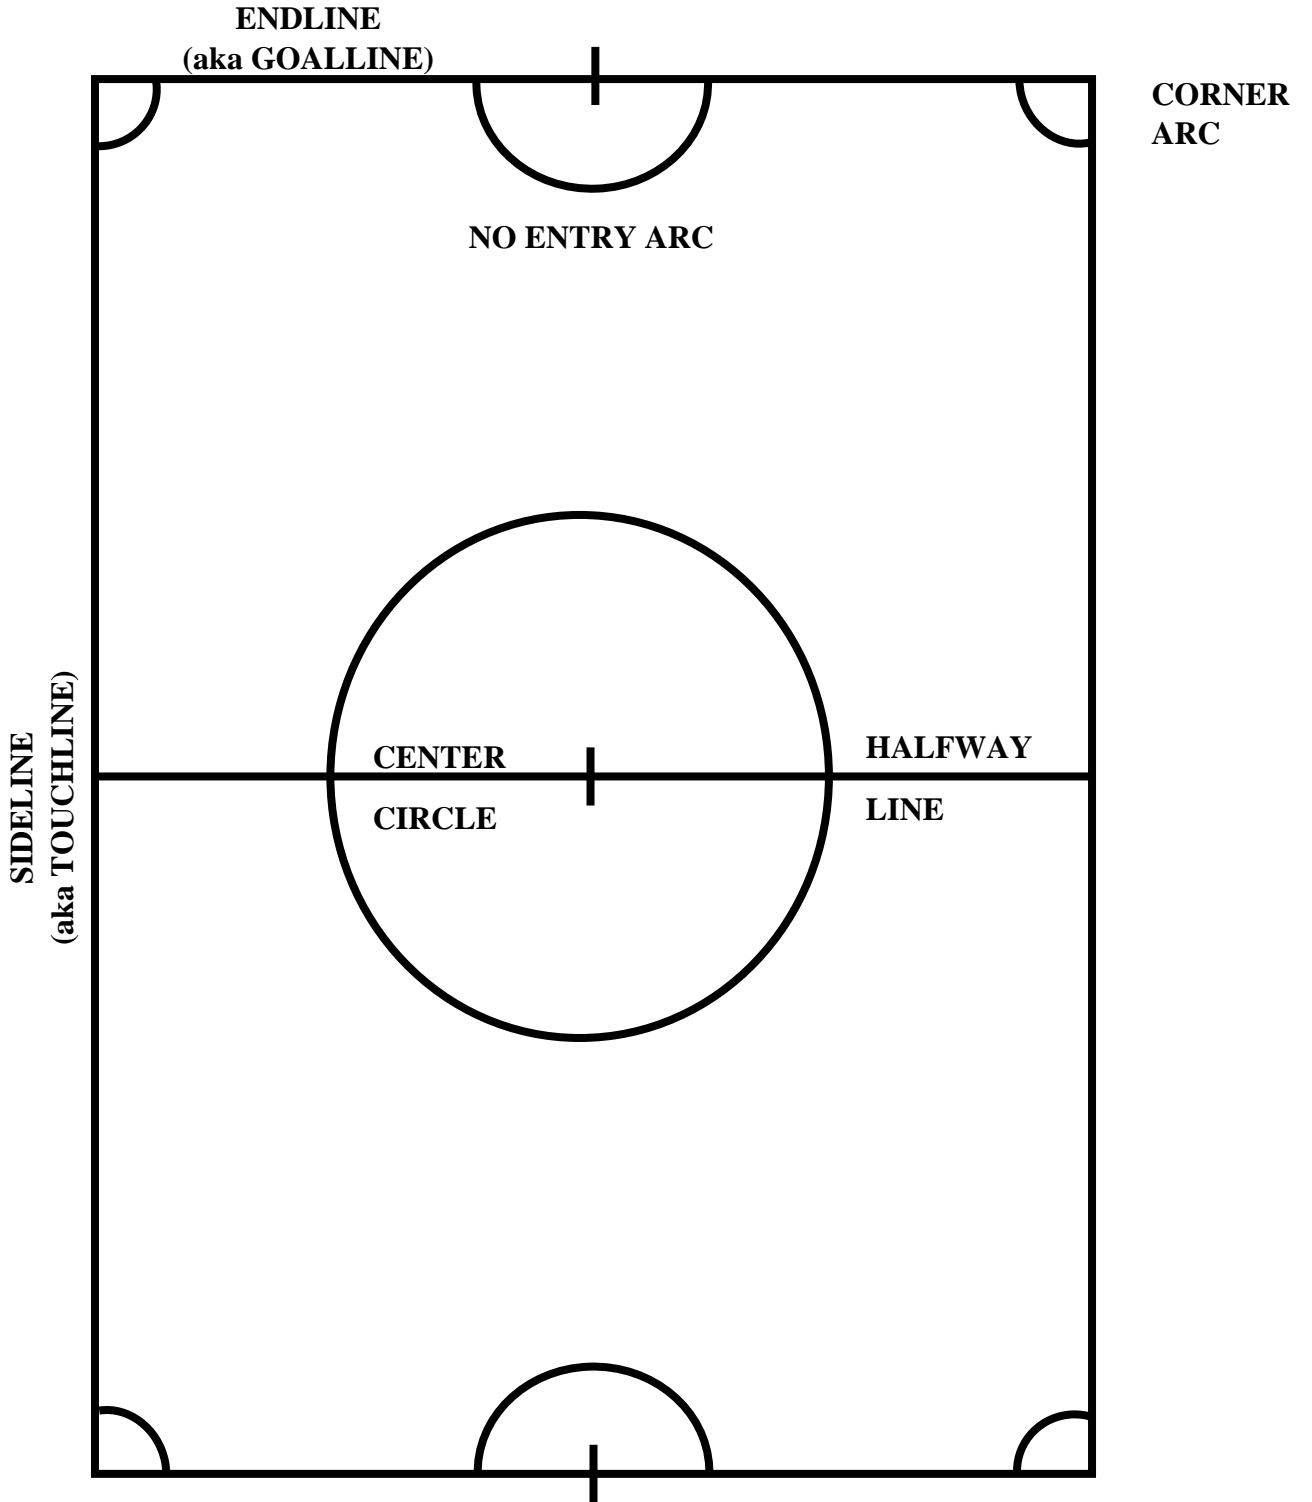

15. Red Card

- Offences that could lead to a player to be sent off and show a RED CARD:
 - Guilty of serious foul play
 - Guilt of violent conduct
 - Spits at an opponent or any other person
 - Denies the opposing team a goal or obvious goal scoring opportunity by deliberately handling the ball (excluding the goal keeper inside their penalty area)

- Denies the opposing team an obvious goal-scoring opportunity to an opponent moving towards the player's goal by an offence punishable by a free kick or penalty kick
 - EXCEPTION: If the offence occurs inside the penalty area a YELLOW CARD will be given. The player committing the foul MUST make a play at the ball and cannot be holding/pushing/pulling while committing the foul.
- Uses offensive or insulting or abusive language and/or gestures
- Receives a second caution in the same match
- Once the red card is given the player must leave the field immediately. They should sit at their own team's technical area
- The player's team may not substitute for that player and must play with the number less than what is equal to the number player's shown red card.
