To our valued supporter,

We are the Northside Youth Sports Academy, your local Pop Warner organization. NYSA’s core group of leaders have been involved with youth sports for 20 years in the Central Texas area. NYSA is a 501(c)3 non-profit organization coordinated by volunteers who are deeply committed and dedicated to this program. Our dedication comes from our passion for mentoring youth and our love of sports. We strive to make a positive impact in the local community while providing a safe and rewarding family oriented program.

In order to deliver this experience, we seek and must count on the support of members of the community like you. The expense for fields, referees, equipment and insurance is great. We also take great pride in assisting those who may not have the financial means to participate. Your gracious contribution is crucial and invaluable to facilitate this hope. The families that join our organization are not only the heartbeat of the community, but also your neighbors, customers and employees. We petition your help to fund this league and provide a gratifying experience for all families involved. Please see the attached sponsorship levels and state your level of commitment to support our teams below.

Thank you for your kind consideration,

Northside Youth Sports Academy
