

JANUARY 20, 2021

Cascade Vista Baseball Families,

With the recent announcement by Governor Inslee laying out a return to play plan for most community athletics we are hopeful for a Spring 2021 season in some sort of capacity. The Board has met recently and we have worked together to create a projection for how we'd like to see everyone come back together in the near future within the CVB community. A lot of consideration has been given to all perspectives. At the end of the day, we are still holding to:

- Maintaining the health and safety of our children, families, and community;
- Complying with all government and health regulations.

With those key factors at hand, we are fluid on our starting dates for bringing baseball back and should have more information in the coming months of how this will look, final pricing, eligibility and much more.

While we continue to navigate these uncharted territories, we thank you for your patience, understanding and continued support of our club. We want to get back out on the fields as quickly as all of you and we are committed to doing this safely and effectively.

In the meantime we encourage you to sign-up your players with a placeholder fee on our website so that when the time comes you'll be in the queue and ready to play. For more information on our proposed Spring 2021 season and to register, please visit us at: cvac.org.

Waiting patiently on deck,

A handwritten signature in black ink, appearing to read 'Marc Steiner', written in a cursive style.

Marc Steiner
President, Cascade Vista Baseball
