

SPRING 2021

CASCADE VISTA COVID PROTOCOLS

PURPOSE

To keep people safe and in compliance with the 2/1/2021 “Sporting Activities COVID-19 Requirements”

REQUIRED ITEMS FOR TEAMS

- Printed copy of these guidelines (posted in dugout)
- Add to first aid kit: Hand sanitizer and disinfectant wipes
- Roster of all players, coaches and volunteers present

MASK POLICY

- 100% masks required for all coaches and players and participants on the field (umpires, etc.)
- Players can remove masks when physically distanced, drinking, or if breathing is restricted.
- Coaches, managers, and team leaders will LEAD and set the tone for the mask policy at all times.
- When spectating, masks are to be worn at all times and non-family member groups are to be spaced out at least 6’-0”.
- Spectators required to follow all state and local requirements for COVID protocols. Depending on the venue, there may be occupancy requirements beyond just the 6’-0” social distancing. Occupancy requirements include players, coaches, and umpire and will be coordinated by the host team with the visiting team prior the game. The head coach and/or the team manager will be responsible to managing the required head count.

Example Scenario #1: Game is scheduled at CVAC, King of Kings or a King County field where there are no adjacent fields being played on. King County allows games to be played with a max of 200 people, physically distanced and all wearing masks. Each coach is allowed 100 people max and occupancy is figured as follows:

- Home Team has (12) Players, (3) coaches, (1) umpire, (2) parents per player = 40 people.
- Visiting Team has (12) Players, (4) coaches, (3) family members per player = 52 people.
- Total people at the event is: 92 < 200 Play Ball!

Example Scenario #2: Game is scheduled at a City-owned field with adjacent fields and teams playing simultaneously. The City has a policy of 75 people max per field, physically distanced and all wearing masks. In this case, each team is allowed 37 people.

Given the same numbers from Scenario #1, the hosting team would need to limit a few families to 1 parent per player and the visiting team would need to reduce spectators to 1-2 per player as well to get to 75 max.

PRE-GAME

- Alert your players and families that anyone feeling sick SHOULD STAY HOME. In addition, if anyone (player, coach, parent, etc.) has tested positive for COVID-19 in the past 14 days, has been running a fever in the last 48-hours, or has been in contact, with anyone diagnosed with COVID-19 they MUST leave the premises.
- Players and coaches may not enter the playfield until the start of the field reservation, and no equipment can be brought to the field until the start of the field reservation. Waiting on the sidelines prior to the start of the field reservation is not allowed. Reservations should include 45 minutes of pre-game warm-ups prior to game time.
- Players will have access to hand washing or cleaning stations for all trainings and games.
- Upon arrival, coach/team rep is responsible for the following:
 - Players and coaches wash/sanitize their hands
 - Clean high-touch surfaces and disinfect shared equipment

PRE-GAME PLATE MEETING

- Coaches & umpires wear masks and stay 6+ feet apart to discuss game rules.
- Exchange of line-up cards from the coaches to umpire is at the home plate umpire’s discretion; In situations where line-up cards are not given to umpires prior to the game, they must be available in each team’s dugout to resolve any potential conflicts.
- Umpires are provided a copy of these guidelines to review at home plate.

PLAYER/TEAM CELEBRATIONS

- Limit physical contact; no large group celebrations

UMPIRES/COACH INTERACTIONS

- Masks must be worn by both the umpires and coaches during any interaction.
- Coaches & umpires stay 6+ feet apart to discuss any questions or conflicts

BASEBALLS

- At the umpire’s discretion, baseballs will either run through the umpire (per normal protocol) or through the defensive team. In situations where the umpire chooses not to handle the baseballs, the defensive team will provide balls when their team is in the field. When balls go out of play, they will be thrown in by the defensive team bench to their pitcher to resume play.
- Trainings—baseballs and other shared equipment will be wiped down after each session.

POST TRAINING & GAMES

- No post-game handshakes – Alternate way to acknowledge your opponent – hat tip, claps, cheer, etc.
- Clean high-touch surfaces and disinfect shared equipment.
- All players and umpires must vacate the field within 15 minutes of the end of the game reservation. All equipment and garbage must be removed from the field and/or placed in the designated receptacle.
- New teams must wait until all players have exited to enter facility

PARENT/FAN POLICY

- Hosting team will provide requirements for total event occupancy and coordinate with visiting team. Each team will communicate requirements to player families as to the allowable numbers at each event. See scenarios outlined above.
- When spectating, masks are to be worn at all times and non-family member groups are to be spaced out at least 6’-0”.

TRANSPORTATION/CONTACT-TRACING

- Limit exposure to those outside the household unit during travel. Only those in the same household should travel together; if not in the same household, travel in separate vehicles if possible.
- Teams are required to keep a roster of every athlete, staff and volunteer present at each practice, training, and game to assist with contact tracing in the event of a possible exposure. Attendance rosters must be kept on file for 28 days after each event.

MISCELLANEOUS

- Players’ water bottles need to be clearly marked with their name.
- Limit sharing or equipment—bats, gloves, catcher’s gear.
- Helmets, batting gloves or any refreshments may NOT be shared.
