

## **Golden Eagle Competitive Programs**

Golden Eagle Pony Baseball offers elevated programs for players interested in more than just recreational baseball. These programs are an extension of our Pony League and they are not travel ball or year around programs. It's a community-oriented schedule that we have created with all players in mind. We offer two programs depending on the players ages.

The goal throughout both programs is to help players develop their baseball fundamentals and compete at a higher level of play, while not having the costs and travel required for other baseball organizations. We want to provide players with the ability to explore and refine their fundamental baseball skills at a value that is right for you and your family.

---

### **Golden Eagle Pirates (\*Ages 8U to 10U)**

This program runs concurrent with the recreational season. Players must be enrolled in the recreational program to participate. There will be Friday practices held in Loomis, with games mainly played on Sundays. However, scheduling is subject to change based on each individual coach. All tournaments will take place in the local area. There will be two tournaments per year, which take place during Spring Break and Memorial Day Weekend.

This program also prepares players looking to participate in Pony All-Stars after the end of the recreational season. This is a perfect program option for players interested in more serious gameplay in the future.

### **Golden Eagle Select (\*Ages 11U to 14U)**

This is a program for players looking for an entire season of competitive play. Different from our recreational season offering, our Select 11U to 14U program is designed for players looking to benefit from the development of advanced gameplay without the schedule requirements or the financial strain of a travel ball team. Practice will be held in Loomis, and games will typically occur on Saturday or Sunday. Games will primarily be in the local area. There will be at several tournaments per year, with the first taking place in February. There is the potential for additional tournaments depending on availability and Team interest.

These teams are also eligible for Pony All-Stars since it is a part of the Golden Eagle Pony Baseball League (teams/players must meet the minimum requirements for All Star Tournament eligibility).

*\*At this time, age availability is subject to change based on response.*

*\*Sunday Select may be available for ages 11U to 12U but is not part of the above program and is based on Manager's Plan approval each season.*
