CTR Soccer is the result of the merger between Tab Ramos Soccer Programs and Campioni Soccer. With over 15 years in the soccer training business, TRSP has become one of the leading training companies in the NJ, NY and PA area. Over the same period of time, Campioni Soccer has expanded its business and is now considered one of the leading soccer training companies in Monmouth County.

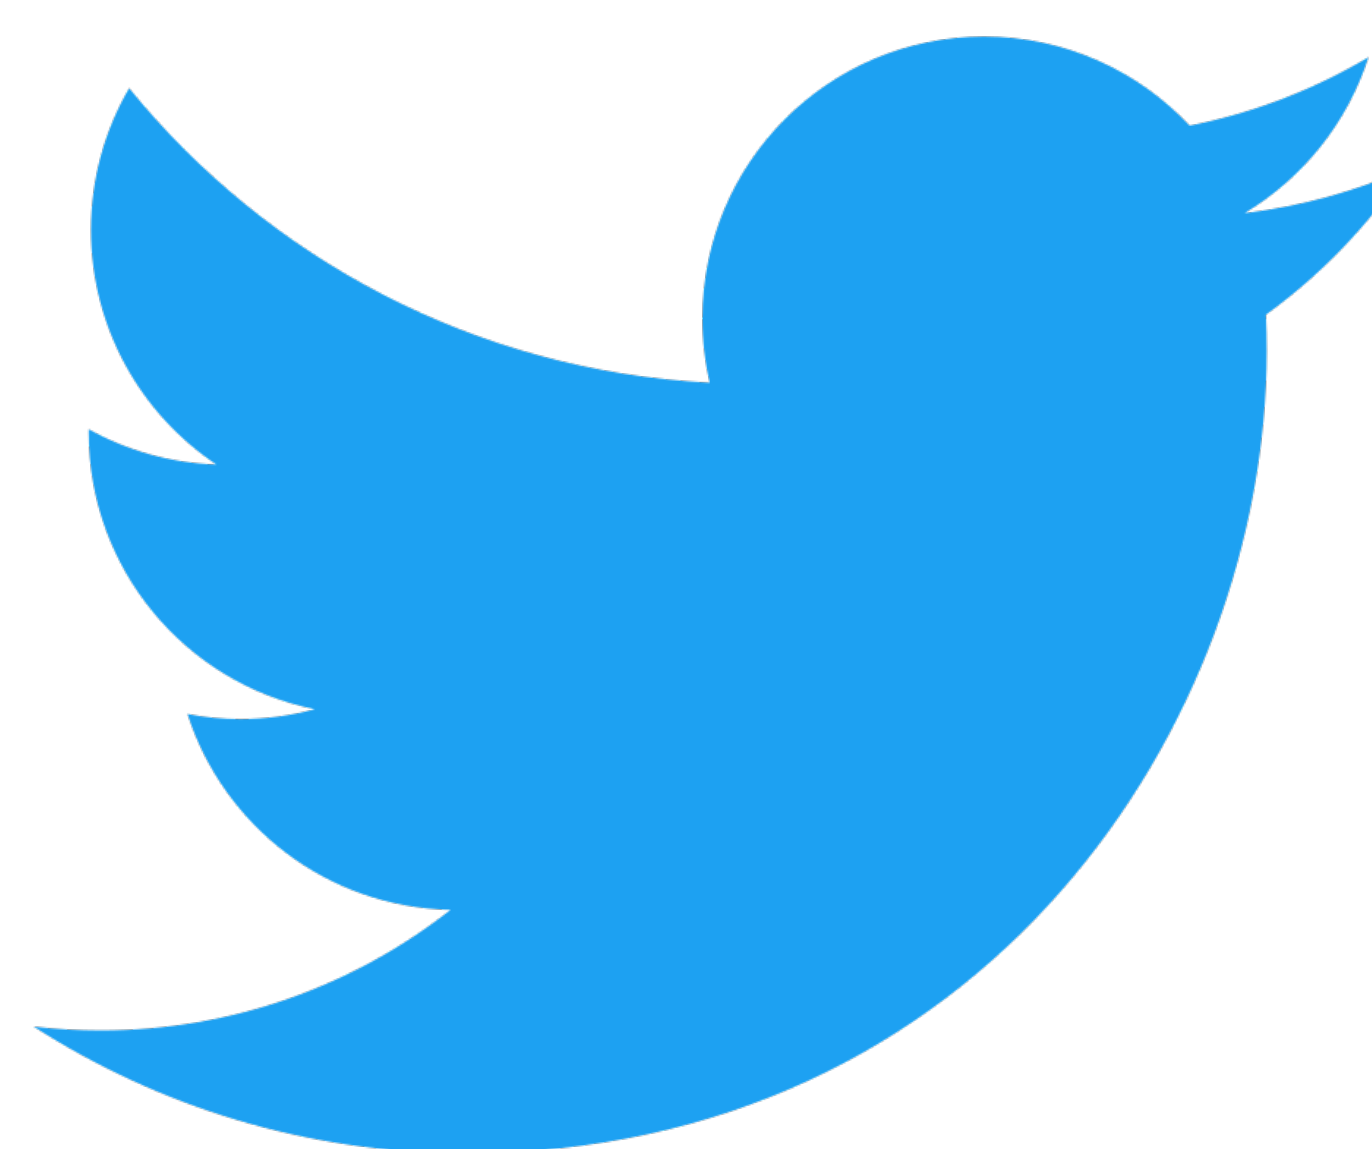

"With the tremendous growth of soccer in the United States and the recent development of the US Soccer curriculum by the US Soccer Federation, I believe that only the training companies with an experienced staff and the expertise to teach the US Soccer curriculum will be able to make a difference in the development of soccer players looking into the future," said Tab Ramos, co-owner of CTR Soccer, current United States Youth Technical Director and former 3-time World Cup Player. "It is with this thought in mind that I reached out to Frank Rizzi and Campioni Soccer to create the new CTR Soccer training company, the first of its kind to bring an academy-like player development experience to local grass root township soccer programs. Together we have the resources to provide the best training according to the latest research in teaching children how to play and how to improve."
