

New England Hoops Academy was founded in May of 2017 by Coach Ricky Nault and Max Lopez with the purpose of teaching the game of basketball at an elite level to kids entering the 3rd grade until 8th grade; with a focus on teamwork, skills development, hard work, sportsmanship, and developing well-rounded student-athletes.

We provide mentorship to all our players, show them importance of giving back to the community, offer financial assistance so athletes are not denied based on economic status and equip them with the basketball skills to compete at the highest level.

Our Mission:

To develop well-rounded student-athletes, who excel on and off the court through hard work, determination, sportsmanship and teamwork.
