CPLY FIELD RENOVATION ANNOUNCEMENT

Cedar Park Youth League (CPYL) is blessed, thankful and excited to announce a major renovation project for its baseball fields (“Phase 1”) beginning on December 7, 2020 (weather permitting). The major project will renovate five infield baseball diamonds: Volunteer, Veteran’s, Camden, Fenway and Wrigley.

To that end, the CPYL Board of Directors - through a competitive bidding process - have come to an agreement with RS3 Turf – a Ryan Sanders Sports and Entertainment Company – to provide its sports turf/groundskeeping services for the project. Their previous projects around the state and surrounding Austin areas speak for themselves; Dell Diamond being one of them.

The project will include the combination and sod cutting of Volunteer and Veteran’s fields at 1.5” depth; edging and sod cutting of Camden, Fenway and Wrigley to proper dimensions; and addition of Sandy Loam to Volunteer and Veterans (diamond, foul territory and back arch).

RS3 premium infield mix will be added to all five infields, basepaths, and Homeplate areas. All five infields will be laser graded for proper drainage. All five fields will be Roto-tilled in two directions to blend existing and new infield mix. Irrigation will be adjusted, relocated and fixed.

RS3 will install Big Roll Standard Cut TiffTuf Bermuda Sod on the infields, foul territory and back arcs on Veteran’s and Volunteer fields. New base anchors, bases and homeplates will be installed. Base anchors will be installed on Camden to include 12U dimensions – making Camden available to host 12U games and practices. NR34 Infield conditioner will be added to all five fields.

These services will greatly enhance the quality of these fields that are in dire need of improvements due to continual high use. We hope that these improvements will also help with drainage to reduce games lost due to rainouts.

CPYL’s primary goal is to provide the CPYL community, its coaches, its players and its families with high quality, aesthetically pleasing fields, and a facility that our members can enjoy and be proud to be a part of. We are thankful and owe immense gratitude to all of our sponsors, supporters, coaches, players and families for their continued support – both financially and operationally – that has allowed

these renovations to happen. Although it has been a tough year financially, CPYL is able to appropriate and allocate the funds necessary from its financial reserves at this time for the betterment of the league and the future of its baseball and softball programs. We are hopeful that our CPYL members, as well as the City of Cedar Park and surrounding communities will enjoy the fruits of their generosity and support this coming Spring.

CPYL Board Members and its Field Renovation Task Committee is also in the early planning stages of "Phase 2" of improvements that will include improvements to Diamond, Ebbets, Catalina and Little Fields; and improvements to its facility/complex as a whole. One goal is to make significant improvements to our "Big Blue" concession building and concession area, as well as improvements to CPYL's overall infrastructure. "Phase 2" will require the continued support of our sponsors, members and access to other financial resources that will help CPYL move closer to the start and completion of these "Phase 2" goals.

Again, we are thankful, blessed and privileged as an organization to have the support of all its sponsors and members. We hope that these improvements are just the beginning of many to come and will exhibit our willingness to provide our CPYL community with the best complex possible for their use and enjoyment.

Have a safe and happy Holiday Season. We look forward to seeing all of you in the Spring!!

Best Regards,

Cedar Park Youth League
