Call To The Pen... A Word From Information Officer Jeremy Wilson

Hopefully everyone is enjoying the "Dog Days" of Summer and getting geared up for the return to school. RLL will also be gearing up for a change as there will be a new board selected to run the 2018-19 season. I encourage everyone who is able or wanting to consider volunteering their time to help run this league. RLL depends on the annual influx of fresh voices and ideas that come from having new people involved. Commitment levels vary depending on the job. Some jobs require more time leading up to the season and some require the majority during the season. There really is something for everyone. So as we sign off on the 2018 season, let's be thankful for all excitement we've been given. From both UW teams making the College World Series to Oregon State winning the Mariners playoff push. Thank you!!

2018 Little League World Series

The 2018 Baseball Little League World Series is in progress right now. West Seattle LL, from our own District 7, ended up winning the Washington State Tournament and advanced to the Regional Tournament in California. There they were eliminated after losses to Idaho and Oregon.
