STANDARD RULES

The Cedar Hills Booster Club follows the standard rules of the National Federation of High School Associations Rules for softball, except as noted in the following pages. On some pages the section marked “**General softball rules**”; we have restated, for reference only, general softball rules from these rulebooks, to help coaches understand the exact way standard rules are stated. These are meant to help clarify situations we have encountered that are only defined in the standard rule books. Cedar Hill Booster Club (CHBC) board will meet in a timely manner to resolve penalty for conduct issues.

PRACTICE

1. No practice sessions are allowed before 5:00 PM on school days.
2. Before the start of games, teams will have scheduled practice times on diamonds that they will play their games on during the regular season. A team with a scheduled practice time will have priority for diamond usage. After games start there are no **league** scheduled practice times.

Two coaches may combine their field practice time to scrimmage, but the scrimmage shall not exceed one hour after another coach requests use of the diamond.

CEDAR HILLS BOOSTER CLUB

5/9/2017 GUIDELINES & RULES FOR SOFTBALL MAJOR LEAGUE

The pitcher must allow the batter to be ready in the box. Any “quick pitching” by the pitcher will be called a “no pitch”, regardless of contact by the batter. **Over the last few years, softball rules require a pitcher to deliver the next pitch within 20 seconds after the ball is returned.**

BATTING

1. A continuous batting order of all eligible players will be used throughout the game.
2. A late player is one who arrives after the 1st pitch is thrown and will be put at the bottom of the batting order.
3. If a player cannot bat their turn in the batting order, an out is recorded, but they can continue to play the game.
4. If a batter is injured while batting and cannot continue batting, the next batter in the lineup will complete the injured batter's turn at bat, assuming the same count of balls and strikes. If the substitute batter gets on base, a pinch runner will be inserted and the batter then takes their original turn at bat. If the substitute batter strikes out or is put out, they then bat again in their original slot. The injured batter may re-enter the game at a later time, umpire's decision.
5. If a batting order error is discovered by the –
Offensive team - they may correct it with no penalty.
Defensive team -
 - a) While the incorrect batter is at bat, the correct batter must take the position and assume any balls and strikes.
 - b) After the “at bat”, but before the next batter has received a pitch or all infielders have vacated the field, the player who should have batted is out.
 - c) After the next batter has received a pitch or all infielders have vacated the field, there is no penalty.
6. Batting practice during games will be done on the playing field (on-deck batter). Equipment will not leave the playing area.
7. Any individual player throwing a bat accidentally must be warned once by the umpire, than called out for later instances. The batter must bat again, if they reached base safely and only received a warning. Umpires will enforce this rule.

GROUND RULES FOR BATTED BALLS

All diamonds

1. If a hit ball hits any part of a tree it is considered a dead-ball.
2. Dead ball area: the area beyond an imaginary line running from the backstop parallel with the foul line to the player's bench extended. On diamonds with a fence on this position, it shall be anything beyond this fence with an imaginary line extended this fence.

Cherry Hill East diamonds

A fair ground ball hit past the home run fence will be a ground rule triple.

General softball rules

1. Fair ball - a batted ball shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is on fair or foul territory at the time the fielder touches the ball. It does not matter whether the ball first touches fair or foul territory, as long as it does not touch anything foreign to the natural ground in foul territory and complies with all other aspects of a fair ball.

A fair ball is a legally batted ball that:

- a) Settles or is touched on or over fair territory between home and first base or between home and third base.

CEDAR HILLS BOOSTER CLUB

5/9/2017 GUIDELINES & RULES FOR SOFTBALL MAJOR LEAGUE

- b) Bounds over or past first or third base, which is in fair territory, regardless of where the ball hits after going over the base.
 - c) While on or over fair territory, touches the person, attached equipment or clothing of a player or an umpire.
 - d) Touches first, second, or third base.
 - e) First falls or is first touched on or over fair territory beyond first, second, or third base.
2. Foul ball -
A foul ball is a batted ball that:
- a) Settles or is touched on or over foul territory between home and first base or between home and third base.
 - b) Bounds or rolls past first or third base on or over foul territory.
 - c) While over foul territory, touches the person, attached equipment or clothing of a player or an umpire, or any object foreign to the natural ground.
 - d) First hits the ground or is first touched over foul territory beyond first or third base. A caught fly ball is not a foul ball.

BASE RUNNING

1. Infield fly rule is in effect – umpires judgment as easily caught.
2. A base runner cannot leave the base until the ball **leaves the pitcher's hand**. **Penalty for leaving early**, the runner is out, it is a no pitch, all other runners return to the base they occupied at the time of the pitch.
3. The batter may attempt to advance to 1st base on a dropped third strike by the catcher provided 1st base was vacant at the time of the pitch or there are already two outs and the strike out by the batter would be the third out.
4. Runners to 1st base can turn either way.
5. If the catcher for the next inning is on base with 2 outs, a courtesy runner may be used (to put on catching equipment). The runner will be the player making the last out.
6. If a fielder obstructs a runner's ability to reach a base, the runner shall be awarded the base. (See definition of Obstruction in the rules under the section "Defense").
7. If a ball is in play, any runner may advance as many bases as possible.
8. If a base runner passes another base runner the passed runner is out.
9. A defensive player may pursue the runner back to third base.
10. A player is **required** to slide at home plate **to avoid a collision if a play is being attempted by the opposing team**. A player failing to slide may be called out, umpire's decision. No bowling over or intentional collision of the base runner into the catcher shall be allowed during a play at home plate. Runner shall be automatically out if rule is not followed. A defensive player will not be allowed to block home plate by moving up the baseline forcing the runner to slide early.

Stealing

Base stealing is allowed for all three bases.

Exception – Out of a concern for safety, no straight steals are allowed that could have the runner reach home at the same time a batter is swinging.

General softball rules

1. Runner is **not out**:
 - a) When a runner runs behind or in front of the fielder and outside the baseline to avoid interfering with a fielder attempting to field the ball in the base path.
 - b) When a runner does not run in a direct line to a base, provided the fielder in the direct line does not have the ball in possession.

CEDAR HILLS BOOSTER CLUB

5/9/2017 GUIDELINES & RULES FOR SOFTBALL MAJOR LEAGUE

- c) When more than one fielder attempts to field a batted ball and the runner comes into contact with the one who, in the judgment of the umpire, could not have made an out.
- d) When a runner is hit with a fair, untouched batted ball that has passed an infielder, excluding the pitcher, and, in the judgment of the umpire, no other infielder had a chance to make an out.
- e) When a runner is hit by a fair-batted ball after it touches, or is touched by, any fielder, including the pitcher, and the runner could not avoid contact with the ball.
- f) When a batter-runner overruns first base after touching it and returns directly to the base.
- g) When the runner stays on base until a fly ball touches a fielder and then attempts to advance.

2. Runner is **out**:

- a) When running to any base in regular or reverse order and the runner runs more than three feet from the base path to avoid being touched by the ball in the hand(s) of a fielder.
- b) When the batter-runner legally overruns first base, attempts to run to second base and is legally touched while off the base.
- c) When the runner interferes with a fielder attempting to field a batted ball, interferes with a fielder attempting to throw the ball or intentionally interferes with a thrown ball.
- d) When the runner is struck with a fair untouched batted ball while not in contact with a base and before it passes an infielder, excluding the pitcher, or if it passes an infielder and another infielder has an opportunity to make an out.
- e) When a coach intentionally interferes with a thrown ball while in the coach's box, or interferes with the defensive team's opportunity to make a play on another runner. The runner closest to home plate at the time of the interference shall be declared out.

DEFENSE

- 1. Nine (9) players constitute a defensive team.
- 2. All eligible players cannot sit out more than 2 innings of a 7 inning game.

Substitution rules

- 1. All departures or late arrivals must be reported to both teams' scorekeeper. Umpires will enforce this.
- 2. No defensive changes (except for pitching) may be made after the start of the inning, unless due to injury.
- 3. If a defensive player is injured, the injured player shall be removed from the field and a substitute may be made from the bench.
- 4. A player substituted from the bench not due to injury must enter the game for the current pitcher.

General softball rules

Out-of-play:

- 1. A ball is considered out of play if it is thrown or deflected over the sideline fence, into either dugout or bench area.
- 2. If the ball is thrown out of play by an outfielder, the base runners or a batter becoming a base runner will be awarded 2 bases from the time of the **throw**.
- 3. If a ball is thrown or put out of play by an infielder, the base runners or a batter becoming a base runner will be awarded 2 bases according to their position at the time of the **pitch**.

General softball rules

3. The umpire must be notified of a protest before the next pitch is thrown. At this time the plate umpire must note the game situation. Record the balls, strikes, number of outs, innings, base runners, and any other information needed to resume action of this game at a later date.
4. After the protest has been made, the game shall be completed.
5. After the game, the protesting team may drop their protest if they desire.
6. A protest must be presented to any CHBC board member in writing within 24 hours of game completion, by the protesting coach or assistant.
