Submitting Scores

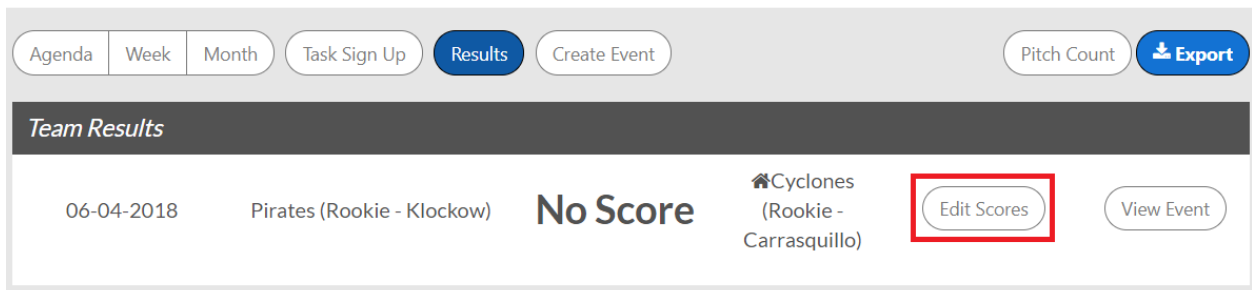

1. After each game, it's the home team's responsibility to submit the final score.
2. First, navigate to your team page.
3. Navigate to the Calendar tab.

4. Click on the Results button.

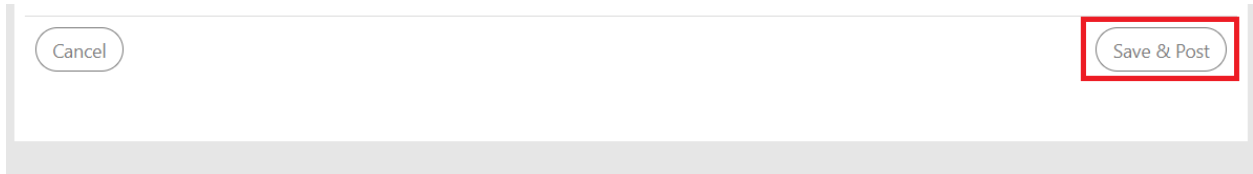

5. Find the game, and click on the Edit Scores button.

6. Fill in the scores for both teams.

7. Scroll to the bottom of the page and click the Save & Post button.

8. That completes the submission. Thanks!
