

# **Scripps Ranch Little League COVID-19 Mitigation Strategy:**

## **2021 Spring Baseball Assessments**

In addition to following all standards and to provide specific clarification to the San Diego County Youth Sports Physical Distancing and Safety Plan, the following policy and procedures will govern Spring Baseball Assessments.

**ALL PLAYERS MUST BRING THEIR OWN HAT, GLOVE, BAT, HELMET AND FACIAL COVERING OR THEY WILL NOT BE ALLOWED TO ASSESS.**

**ALL PLAYERS, PARENTS, VOLUNTEERS, LEAGUE OFFICIALS AND ANY OTHER PERSON PRESENT WILL WEAR A FACIAL COVERING AND MAINTAIN PHYSICAL DISTANCING OF AT LEAST 6 FEET FROM ANYONE OUTSIDE THE IMMEDIATE HOUSEHOLD 100% OF THE TIME.**

Each player may be accompanied by **ONE** parent.

### **Procedure:**

All players will check at the J9 registration desk in at their assigned time. Each player will be screened for signs and symptoms of COVID-19. Please do not arrive early. Hand sanitizer will be available.

Upon check in, players will move to either the J9 or J10 staging area as assigned to warm up. Each assessment group will involve no more than 12 players. Both fields will operate in a similar fashion

Upon commencement of the assessment, players will be called by name to line up at the flyball station in right field next to a field marker denoting 6 ft of distance from other players.

Players will be called and placed in their assessment order to the right field fly ball station. Two fly balls will be presented from a bucket of sanitized balls. The first ball will be thrown to 2<sup>nd</sup> base and the second ball to 3<sup>rd</sup> base. All balls will be retrieved and sanitized by a volunteer and then returned to the bucket of sanitized balls.

The player will then move to the fielding station in the shortstop position where they will have the opportunity to field 2 ground balls. All balls will be retrieved and sanitized by a volunteer and then returned to the bucket of sanitized balls.

The player will proceed to the marked positions that will be a minimum of 6 feet apart **behind** the 3<sup>rd</sup> base dugout as directed by a volunteer and retrieve their bat and put on their helmet.

Once all players have gone through the fielding exercises, the first player in the group will then be called to the plate. Five pitches will be delivered from a pitching machine loaded from a bucket of sanitized balls. After the 5<sup>th</sup> pitch the player then runs the bases to third, passes through the gate and the assessment is complete. All balls will be retrieved and sanitized by a volunteer and then returned to the bucket of sanitized balls.

After passing through the 3<sup>rd</sup> base gate, the assessment is complete, and all players are expected to depart the facility at that time.

# SRLI Assessment - Jerabek Park Field J-9

**Required:**  
100% Masks for all parents, players, and volunteers

**Maintain Social distancing**

**Parents not allowed in the playing field areas**

-  Safety Plan location
-  Check in tent with 2 volunteers (6 foot spacing)
