

Bulls Soccer Club

2019-2020 Tryouts and Evaluations

U8-U19 Boys and Girls

The Bulls Soccer Club will be holding tryouts and evaluations for the Fall 2019 Season. With over 650 players participating in Bulls Club Programs, we take extreme pride in the development of our players. We place them in a fun, learning competitive, training environment. The focus is on individual technical development of each player. The goal is to provide the best environment for players to develop and offer a route to achieve playing opportunities at the Middle School, High School and Collegiate Level. The club is looking for players that love to play the game, are dedicated to their growth and development, want to improve their skills, and are committed to developing as players and to building a strong club and team, and most important want to have fun playing the great game of soccer at the highest levels.
