The spring 2020 Season is upon us and Antioch Little League has started preparations for its 63rd year of youth Baseball and Softball in the community of Antioch.

Antioch Little League has served the community since 1957 by maintaining a charter with Little League International, the largest and oldest youth sports organization in the world. The Little League program is a thriving program with hundreds of kids playing ball in Antioch. We offer fun and challenging baseball and softball programs that emphasize the development of the athlete's ability through good coaching, professional clinics, team balance, and equal playing time. In addition, your support also allows us to offer assistance to families in need as well as helping to enroll more than 45 kids each year in our Challenger Division for mentally or physically challenged youth (ages 5 and above) at no cost to their families.

The success of the league not only lies with the families who enroll their children, but with businesses and community members who generously sponsor the league. This support allows families the opportunity to play baseball and softball in Antioch.

Benefits to You and your Business

- All Donations are Tax Deductible.
- Personal satisfaction of helping children in our community.
- Help your Local Little League build the athletes of tomorrow.
